The Name of JEHOVAH

Is a Strong Tower
To Those Who Unite in
Forwarding the Kingdom
Interests

Company Workers and Pioneers Can
Assist One Another

With conditions in the world growing worse and worse, many out of work, food and clothing, the remnant is the only class who can count on Jehovah’s activities and provision for the future. They know that the name of Jehovah is their strong tower, and “the righteous runneth forth into it, and is safe.” To the rest of the world money means security. “The rich man’s wealth is in his strong city, and as high as a wall in his own conceit.” (Prov. 18: 11) But as time goes on the people will find that money means security.

Jehovah is their strong tower, and his work until he says that it has been accomplished. “He that trusteth in the Lord shall be as a mountain of rock; his work shall stand as the forest of trees, forever.” (Prov. 16: 3) Nevertheless, Jehovah has provided an abundance of spiritual food for his people, “a feast of fat things,” Jehovah’s witnesses not only feast upon these good things themselves, but delight to share the feast with others. The remnant has a part in looking after the needs of the pioneers. The Bethel family have already placed in the hands of the people the whole stock, which was later placed in the hands of the people. "The combined report from the country under supervision of the government of Tyrol inquired about some of Jehovah’s witnesses; but the witnesses were not to be turned aside by any of the hardships, and continued to sing forth Jehovah’s praises in spite of every obstacle.

The table published herein gives a detailed report of the activities of each country represented in this world-wide campaign. Also, at the last Testimony Period we published a report for Thanksgiving Testimony Period, March 20-27, for comparison. We believe that a careful study of this table will bring much joy to all of the remnant. Sixty-one different countries are represented in this report, and references to a map will show that they cover practically the entire world. This fact shows that Jehovah’s witnesses are being fulfilled: “This gospel of the kingdom shall be preached in all the world, for a witness unto them.”

Every Worker to Participate

The December Bulletin carried an article on “Spring Cleaning in Mid-winter.” The importance of getting all the old stock off the shelves and placed in the hands of the people cannot be overestimated. We strongly recommend that each one record that article, particularly the service arrangements and the address of the service committee having to do with the preparations for the field activity. If it is possible to begin on January 21 (1933) with all new stock, new books and new booklets, in the English language and have a uniform presentation throughout the country, it will fit into the details of the campaigns considered for the coming year, in connection with the door-to-door work, the portable transcription record presentation in isolated sections where there are no radios, and the literature recommended over the 300 and more telephone lines. The remnant workers need not acquire more than the cooperation of those who have to do with the service arrangements. In some sections there was much rain, and muddy roads to travel over. In the far northern countries of Alaska and Iceland we find several of Jehovah’s witnesses enduring much cold in order that the people might know about Jehovah’s witnesses

In this way each one of the remnant has a part in looking after the needs and interests of others of this one body. All work together as one unit, trusting in the great name of Jehovah, his protection and deliverance.

Tremendous Witness Given in 61 Countries!

Kingdom Testimony Period Great Feast for Jehovah’s Witnesses

37,411 Workers Engage in the Work

Study of Tabulated Report Most Interesting

Jehovah continues to give prosperity to his people, and the period of October 1 to 9 was another occasion of much joy and great gladness. During this period 37,411 faithful witnesses showed their thankfulness to Jehovah for his goodness in the past year and their desire to do his will throughout the world. The visible army of the Lord is small in numbers, but it is the joy of its name is “strength” and this little army delivered 2,202,979 testimonies throughout the world. These joyful witnesses were scattered throughout more than 61 different nations and countries of the world, yet they moved forward as one unit, working in complete unity and exact harmony.

The peoples of the earth are suffering as never before because of the trouble and woe brought upon them by the Devil and his organization. Millions of people are starving and suffering for want of proper clothing. They are suffering not only for a knowledge of the kingdom, and Jehovah’s witnesses realize this. Jehovah has provided an abundance of spiritual food for his people, “a feast of fat things,” Jehovah’s witnesses not only feast upon these good things themselves, but delight to share the feast with others. The remnant has a part in looking after the needs of the pioneers.

Have You Cleared Your Shelves of the Old Stock?

Every Worker to Participate

The December Bulletin carried an article on “Spring Cleaning in Mid-winter.” The importance of getting all the old stock off the shelves and placed in the hands of the people cannot be overestimated. We strongly recommend that each one record that article, particularly the service arrangements and the address of the service committee having to do with the preparations for the field activity. If it is possible to begin on January 21 (1933) with all new stock, new books and new booklets, in the English language and have a uniform presentation throughout the country, it will fit into the details of the campaigns considered for the coming year, in connection with the door-to-door work, the portable transcription record presentation in isolated sections where there are no radios, and the literature recommended over the 300 and more telephone lines. The remnant workers need not acquire more than the cooperation of those who have to do with the service arrangements. In some sections there was much rain, and muddy roads to travel over. In the far northern countries of Alaska and Iceland we find several of Jehovah’s witnesses enduring much cold in order that the people might know about Jehovah’s witnesses.

In this way each one of the remnant has a part in looking after the needs and interests of others of this one body. All work together as one unit, trusting in the great name of Jehovah, his protection and deliverance.

In this connection 677,122 pieces of literature were placed in the hands of the people. These conditions accentuate the need of getting more literature and literature readers. Every person who is interested is asked to help get literature to all.

Special Report for Servant’s Testimony Period

Every service director, pioneer, auxiliary and sharpshooter is asked to send in to the Society a report covering the total work done during the Servant’s Testimony Period. This report is to be made out on one of the regular monthly report cards. The word “Servant’s Testimony Period, February 22-29” is to be written in the lower left-hand corner of the report card. This special period report card is to be sent in by the 7th of March, at the latest, in order that we may compile a complete record of the activities for this time. Be sure to place a ONE-CENT stamp on the card. Remember that the report for this period is also to be included in your report for the entire month of January.

(Continued on page 2, column 1)
The following report is made concerning the activities in Switzerland:

- The Bethel Bethel was closed during the week of October 1 to 9. One group went to adjoining territory in France, and another group worked in a certain territory of Switzerland. In France it was difficult, but the blessings were beyond expectation. On Saturday, October 9, another Bethel Bethel company made an attack upon the strongest Catholic fortress in Switzerland, namely, the city of Fribourg. The battle was well organized and the enemy were taken by surprise. The loots had caused much damage. One priest in the city of Fribourg was seized by the police and was tried at the people's court. The trial was concluded in the middle of the month.

- The Bethel Bethel company was also very much blessed in the city of Zürich. One native pioneer in France, but of the Bethel Bethel force and the Berne pioneers was also very much blessed.

- The Bethel Bethel company in England made a desperate effort to keep the people from learning the truth. The battle was well organized and the enemy were taken by surprise. The loots had caused much damage. One priest in the city of London was seized by the police and was tried at the people's court. The trial was concluded in the middle of the month.

- The Bethel Bethel company in America made an attack upon the strongest Catholic fortress in America, namely, the city of New York. The battle was well organized and the enemy were taken by surprise. The loots had caused much damage. One priest in the city of New York was seized by the police and was tried at the people's court. The trial was concluded in the middle of the month.

(Continued on page 4, column 3)
**Cover Your Assigned Territory Thoroughly**

**This Is Your Privilege and Responsibility**

Jehovah commands his servant to carry the Kingdom witness to the people. As to most of the pioneers, we are glad to say that when we make assignments we feel certain that the territory will be thoroughly covered for the benefit of the congregation. When territory is granted to these faithful witnesses, they are sure that each one will take every opportunity to serve the congregation. The information that will naturally come to light when the territory is observed, will be taken in every part of the assignment. This assignment is an honor to Jehovah. Those few who do not properly cover the rural and towns and business districts, need to be corrected. These assignments are the basis of covering all rural areas properly.

**Please Make Proper Reports**

When a county is completed, it is very necessary to report every piece of territory. This report is a starting point for the areas that need to be covered. The territory report is a very important step in the development of the Kingdom. It is necessary to report the work that has been done. This report should include the dates of the assignment, and the territory report is made.

When territory reports are sent, they should be kept up to date. This report tells the service director and those who have charge of the field activity about the progress of the work. It is very important to keep these reports up to date.

**On the assignment sheets, the following should be noted:**

"Hate to enter information requested on other side!" and so on. Of course, this is a report to be made. All the information should be kept up to date.

**October and November 1933**

<table>

</thead>
<tbody>
<tr>
<td>3,173,785</td>
<td>5,845,905</td>
<td>1,560,606</td>
<td>1,228,062</td>
</tr>
</tbody>
</table>

The comparison of the activities of the ones who turn in their reports, are superior to those who do not. The comparison shows some interesting data. The effectiveness of the release of the Kingdom booklets, in particular, and the enthusiasm with which the pioneers respond to the need of their assignments, is shown in the increased placements, having over 100 percent increase over this time. The number of booklets that were left this year was approximately 20,000 more than those left in the past, due to the increased interest in the Kingdom booklets.

Considering everything, the bound volume is very well. The number of booklets, however, is over 34,000 less. Considering the report of totals, it is interesting to look at the comparison of the activities of the ones who turn in their reports, are superior to those who do not.
Pioneers Should Trade for Goods at Wholesale Rates

Companies Can Arrange to Dispose of Products

Monthly Assemblies Will Aid in This

Loud and louder is heard the complaint of the pioneer for the multitude of bushels of grain which are not being sold, and marketing, can be covered. At the same time, as the pioneer will not be in the business of doing this for himself, he should be able to offer it to the brethren at a lower price than they would if he disposed of it for them, and thus it not only would be a benefit to the pioneer for him to dispose of such goods at the assembly meeting, it would be a benefit to the other brethren attending to stock up with such supplies, which are always in demand. At many of the assemblies which are arranged for each month, the brethren have been prepared with articles which the pioneers have sold to the workers at 5c. They have had to get their supplies in the hands of the poor at prices more than double the price which they could have on hand, and thus it would be a benefit to the pioneer, and the number of bushels of grain which the pioneers will sell to the brethren at a lower price than they would if they disposed of it for themselves.

The pioneers should remember, in taking charge of the stores, that they are interested in the brethren. The pioneers should be able to offer the brethren at a lower price than they would if he disposed of it for himself. The pioneers should be able to offer the brethren at a lower price than they would if they disposed of it for themselves. The pioneers should be able to offer the brethren at a lower price than they would if they disposed of it for themselves.

The pioneers should be able to offer the brethren at a lower price than they would if they disposed of it for themselves.
The Name of JEHOVAH Is a Strong Tower To Those Who Trust in Him

The Lord Has Given the Angels Charge over the Remnant

The Lord has provided bountiful protection for his people, and we believe it would be of interest to every one to read the little write-up that appears in the calendar for February.

"As Bent charged these young men concerning Ruth, so the Lord has given his angels charge over the remnant in this day, using them to convey to his workers the reviving life-sustaining word of truth, that they might go forward doing the work of Jehovah's witnesses in the earth. The remnant now rejoices to see how the Lord, during the years recently past, has employed his angels to place before him his life-giving message of truth and permit them to have something to do with passing it on to another."—Preparation, page 259.

The Devil is not at all pleased with the remnant's passing this truth on to others, and is making every effort to stop the work, and cause them to be arrested or hindered in the progress of this work. We relate here how the Lord has protected his people who are making every effort to carry the life-sustaining truth to the people of good will.

In Alexandria, Va., a Greek brother was arrested while preaching the message to a colored man. It happened that he had offered the Prophets, pages 238, 239, before a judge, and the local brethren took it upon themselves to pay his bail. The judge said that it would be necessary to have a regular attorney appear at the hearing; therefore the brethren hired a local attorney. The attorney then brought the case before a judge, and the judge then angrily snapped, "Cut that out; I don't want to hear a sermon." The attorney then had to go into a technical question and tried to bring out some of the facts about the Society's work. The brother said he knew the defendant to be a sincere and true follower of Christ. The judge then angrily snapped, "Cut that out; I don't want to hear a sermon." The attorney then had to go into a technical question and tried to bring out some of the facts about the Society's work. The brother said he knew the defendant to be a sincere and true follower of Christ.

Consider the weather conditions at that time. Most of the assemblies of that year were held a few miles north and northwest, with a few in the west and southwest. The temperature in the east, north and northwest varied from 15° below zero to 25° above, and that is cold for assembling and working out doors in any man's country. Under those conditions the campaigns were put on, in 21 different states, with almost 7,000 of Jehovah's militant soldiers in action. About 1,700 automobiles participated in these campaigns, covering approximately 25,000 miles over icy pavements, hills and mountains, with only one or two cars reporting minor accidents, and all of the brethren as they came to their respective assembly point reported passing any number of cars in ditches along the road.

One of our most joyful and thrilling experiences in a long time was the assembly of the January 1 di-visional campaign reports. It is impossible in the limited space available to give you anything like a complete picture of this great work, but it has many characteristics which made it stand out as one of the most notable that we have ever had.

Consider the weather conditions at that time. Most of the assemblies of that year were held a few miles north and northwest, with a few in the west and southwest. The temperature in the east, north and northwest varied from 15° below zero to 25° above, and that is cold for assembling and working out doors in any man's country. Under those conditions the campaigns were put on, in 21 different states, with almost 7,000 of Jehovah's militant soldiers in action. About 1,700 automobiles participated in these campaigns, covering approximately 25,000 miles over icy pavements, hills and mountains, with only one or two cars reporting minor accidents, and all of the brethren as they came to their respective assembly point reported passing any number of cars in ditches along the road.

The brethren of this army comprised old men and old women, young men and young women, some of whom were so near the end of life that it seemed to them a time for going on in the Lord and strong in the power of his might, valiant soldiers in the King's army. This army served notice on over 101,000 homes, placing each one with foreboding and dread; fear of the false gods of the world. Everyone to read the little write-up which is sent to us in separate envelopes.

A New Year Celebration

That is a Celebration! Jehovah's witnesses Take Advantage of Holidays

One of our most joyful and thrilling experiences in a long time was the assembly of the January 1 di-visional campaign reports. It is impossible in the limited space available to give you anything like a complete picture of this great work, but it has many characteristics which made it stand out as one of the most notable that we have ever had.

Consider the weather conditions at that time. Most of the assemblies of that year were held a few miles north and northwest, with a few in the west and southwest. The temperature in the east, north and northwest varied from 15° below zero to 25° above, and that is cold for assembling and working out doors in any man's country. Under those conditions 39 campaigns were put on, in 21 different states, with almost 7,000 of Jehovah's militant soldiers in action. About 1,700 automobiles participated in these campaigns, covering approximately 25,000 miles over icy pavements, hills and mountains, with only one or two cars reporting minor accidents, and all of the brethren as they came to their respective assembly point reported passing any number of cars in ditches along the road.

The personnel of this army comprised old men and old women, young men and young women, some of whom were so near the end of life that it seemed to them a time for going on in the Lord and strong in the power of his might, valiant soldiers in the King's army. This army served notice on over 101,000 homes, placing each one with foreboding and dread; fear of the false gods of the world. Everyone to read the little write-up which is sent to us in separate envelopes.

Contributions Received Are for the Purpose of Aiding in Bearing the Expense of Carrying On the Kingdom Work throughout the country the clergy have bitterly opposed the witness work. They have gone to the officers who exercise police power and have complained that Jehovah's witnesses are selling goods, wares and merchandise as peddlers and hawkers and not giving or doing any service. Many of them have laid hold of the expressions "if you contribute a dollar for any four or $2.50 for any ten", or, "the money received for the books," or, "the contribution received for the Booklet" to try to sustain their claim. Their claim is false and instigated by the Devil. We are not hawkers or peddlers; we are Jehovah's witnesses preaching the gospel of his kingdom according to his commandment. Never has the Lord admonished his people to be "wise as serpents, and harmless as doves." To this end the Society recommends that all such expressions as the above be eliminated from our presentation of the truth. This would be very helpful to the people who do not really contribute for the books, but rather the contributions are used to cover the expenses of holding in bearing the expense of carrying on the work of preaching the gospel of the kingdom in printed form. To Illustrate: Those who contribute a dollar to the work and are given a Bible, cannot very well combine the message we give a choice of any 4 books or any 2 books and 13 booklets or any 3 books and 7 booklets. Those who contribute only 50¢ to the work we give any one of the booklets they choose, and those who contribute only 25¢ to the work are given one of them, which is a very uncertain contribution to the work as without expecting any equal material reward for their contribution; and we are not asking for a mere acknowledgment of their contribution, in harmony with the Lord's rule that "the one who waters with his hands shall be watered also himself [with the spiritual blessing, the precious message in the books]."—Proverbs 11: 25.

The time is here for unity. Let each one push the battle to the gate fearlessly; victory is assured. Jehovah is now permitting the clergy and their allies to openly identify themselves with Satan's organization. No matter how you present the Kingdom message they are going to fight it, but it is a wise precaution to remove every weapon possible from them as they do so and make them go to greater extremes of injustice to accomplish their end. The Lord foreknew and foretold these conditions, and therefore, even though Jehovah's witnesses may be arrested and haled into court and trial, there is no cause for worry on their part. The real trial in that event is not before the earthly courts, but your persecutors are being tried before the judgment seat of Christ. Therefore let each one enter into the privilege of being tried before the judgment seat of Christ, therefore let each one enter into the privilege of

(Continued on page 2, column 1)
Pioneers Start Planning for Spring Work

There Is Plenty of Territory

While February is generally blustery in many parts of the United States, there is usually a long way off from the day when the pioneers should start thinking about a spring campaign in remote sections. Many of them have been working in company territory during the winter months and have already set to work out into the rural sections of the north as spring begins. While Jehovah's witnesses with the pioneer work in mind may have seen many sheep like a swarm of locusts and cleared up the territory repeatedly, there are still many sections scattered through the country which have rarely received the witness. To be sure, some of these sections are difficult, especially in the extreme northern parts of the country, which partly accounts for the little interest they have received. It is the necessity of making plans early, if the territory is to be thoroughly canvassed.

Some excuse themselves from entering the pioneer work on the ground that there is too much territory; but in this they deceive themselves, for the Lord says that this pioneer work is the right work to do right here in the United States. Do you know that in South Dakota there are three counties where the pioneers have not even entered? Five counties have had no witness since 1928; three not worked since 1925; and six not since 1931, and still others open for assignment but worked last year? These pioneer workers are now having much unassigned territory.

To be sure, the reason for the lack of territory is that it is sparsely settled, some of it is mountainous, some have no interested neighborhood, some have been abandoned, some have no interest in the work, and all of which takes considerable traveling to reach. And yet, last summer, in Iowa, the district managers in some sections had a number of pioneers working in the counties where they had been assigned. This should give them an idea of the possibilities of the territory. They should be able to see that there are many other possibilities for witnessing, and they should be able to see that there is room for everyone to have a part in the work.

Order of Trial

Be Sure to Correct Your Copy

Enclosed with the February Bulletin is a letter and a corrected Order of Trial form. This is being sent to all company Auxiliaries and sharershops. Each company worker, whether a pioneer or an auxiliary or sharershop, should correct the Order of Trial as corrected. Sharershops should include a copy of the letter and a copy of the Order of Trial, and make sure that the ones witnessing with them correct their sheets.

Questionnaire Sent Out

Many orders are being received from various places. A number of them are from some few of the pioneers, for the portable transcription machines. A few of the pioneers are traveling with these machines to the country schools, churches, parks, and other places where assemblies are held. Many of them are hearing Brother Rutherford's lectures.

A questionnaire setting out details has been sent to all companies, pioneers, Auxiliaries, and sharershops. If the pioneers have not already done so, they should try to obtain one of these machines the Society will provide at an early date, so that these machines can be used at some of the assemblies. This will make them somewhat cheaper in production costs.

Results of Praise Testimony Period, Nov. 12-20, in Japan

Our brethren in Japan engaged in a strenuous campaign during this period, the same as in the United States and Belgium, and a report of their activity shows that they have a deep appreciation of the work that the pioneers are doing in the Kingdom. There were 80 workers, 68 of whom were pioneers, 10 Auxiliaries, and 2 Navajo, who gave 1,593,800 testimonies, and placed a total of 18,727 books and booklets in the hands of the people. This is a great achievement for that period. That means that on an average each worker spent 35 hours in the service, delivered 76 books and booklets, and placed 324 books and booklets, in this short time. The manager reports that this is the highest record for any testify period ever had in Japan.
“THE CRISIS”—A New Booklet—To Feature Campaign in English-Speaking Nations
The Memorial Season Will Be a Feast of Joy and Kingdom Service

Our Goal Three Million Testimonies in 94 Countries
Can We Place 1,000,000 Booklets in 9 Days for Greatest Assault Against the Devil’s Organization to the Present Time?

Never before in the history of the church has Jehovah God brought his people to such a state of unity. The remnant is now preparing to go forth as one army in the greatest assault against the Devil’s organization ever made up to the present time. Jehovah will vindicate his name, and God’s faithful people in the earth are enjoying the privilege of having been in this great and marvelous work by serving notice on the enemy.

The Remnant’s Thanksgiving Period begins April 8 and continues to the 16th. During this period of time the Remnant’s Feast will be celebrated with much joy. On Sunday, April 9, after 8 p.m., the anointed will have the pleasure of commemorating their communion with their Lord in drinking the new wine of the Kingdom. This feast they will greatly appreciate after having spent two days or parts of two days in witnessing for the Kingdom. After this supper they will continue to drink the new wine by zealously carrying out their commission of bearing much fruit to the glory of Jehovah.

Brother Rutherford believes that this particular testifying period is of such great importance that he has written a letter addressing it “To Jehovah’s Witnesses throughout the earth”. His letter is reprinted in this Bulletin, and every one of the remnant should be imbued with joy upon reading his message and noting the importance of this period as set forth therein. Each one who reads it will realize the necessity of going forth in united action without fear of man or devil. Every reader of The Watchtower who proffers to be one of Jehovah’s witnesses is given the opportunity to read this message and make arrangements for his part in this special Remnant’s Thanksgiving Period.

The Crisis Has Come!
Brother Rutherford has just completed a new 64-page booklet, and can tell of the great work that during this period of 9 days all of the English-speaking countries and as many as possible of the other countries throughout the world will have been supplied with them so that all of them will have the privilege of concentrating on the distribution of The Crisis to the people and the rulers. A day and a night shift have been working constantly by the Brooklyn factory to make this possible. Freight shipments are being rushed to England, Australia, South Africa, India, Canada and other English-speaking countries. And why? Because the message it contains is of greatest importance to all. In the first place, it contains the much demanded lecture, “Can the American C. I. M. endure?” This question is one of vital importance, not only to the United States, but to every other country upon the earth; for if the American Government, the world’s banker, cannot endure, what hope is there for the debtor nations? Only God’s righteous government, his kingdom, can and will endure. The nations of earth are facing a tremendous crisis. Those who are looking for a remedy should know the only possible one. The Orient not only gives them this, but will afford them the opportunity of taking their stand either on the Lord’s side or on that of the Devil and his organization. It is a marvelous booklet. In addition to this thrilling lecture, it also contains “Jehovah’s witnesses: Why Persecuted?” as well as a powerful section on “Love” which presents the issue so clearly that there is no room for equivocation. Its cover is one that will rejoice the hearts of the Devil’s organization as God’s army moves into triumphant action.

Let Jehovah’s witnesses push this booklet, The Crisis, as they have never pushed anything before, for the crisis is at hand. Sometimes during this year this booklet will be translated and distributed in more than 60 languages, so that all nations, kindreds and tongues will have the opportunity of reading its important message.

To Jehovah’s witnesses throughout the Earth
My beloved Brethren:

Jehovah discloses to his people that Satan and his agents have formed a conspiracy against him and against his anointed, the purpose of which is to cut off Jehovah’s people “from being a nation”. Then he makes known his purpose to destroy Satan’s organization and to cover himself with victory and glory that “they may know that [he] whose name alone is Jehovah [is] the Most High over all the earth”. The time for the vindication of his name is at hand. He commands his witnesses to go forward now with full confidence and absolute courage and to deliver his testimony to the rulers and to the people before he executes his judgment upon the enemy.

A specific time has been set aside for the united action of all who truly love Jehovah. That time is April 8-16 inclusive and is designated “The Remnant’s Thanksgiving Period”. I am sending this message of greetings to all countries of the earth where the consecrated are known to be, and this includes ninety-four different countries of the earth. Remember that Jehovah commands his people that love him to have boldness in this day of judgment in declaring his message. Will you join this company of faithful witnesses to his name? The church is now at unity. Let all move out in exact and harmonious action to do this work as God commands it. Be not afraid of man or devil. (Deut. 33:27) Trust in Jehovah and do his work with joy. Let all workers be organized and move orderly and sing the praises of Jehovah. The day of deliverance is at hand.

A blank for your report is sent to you. At the end of the testimony period please fill it out carefully and mail immediately to the Society’s office at 117 Adams St., Brooklyn, New York.

May the grace of our Lord and Savior Jesus Christ and of our Father, Jehovah God, abide with you richly now and forevermore.

With much love and best wishes, I remain

Your brother and servant by His grace,

President,
Watch Tower Bible & Tract Society

Brethren not speaking the English language, but who will also engage in this strenuous campaign against the Devil’s crowd, will use the very latest booklets that have been released in their language. Combinations of the booklets they have should be offered to the people. (Continued on page 2, column 1)
Place Orders Now for “The Crisis”

Be Sure You Have a Good Supply

So that Jehovah’s witnesses may be supplied with ammunition for The Crisis during the Thanksgiving Period, April 8-16, a consignment of The Crisis will be shipped with orders placed before March 15 and March 15 and added to those on file on April 8, with orders placed thereon.

By ordering The Crisis together, with whatever other literature may be needed in the near future, shipping charges may be saved. For this reason we request that you get in your orders before March 15 if possible.

The consignments to companies and sharershoppers are to be based on orders received before March 15 for the special service period and a few weeks following. In most instances pioneers are to be consigned 300 and auxiliaries 180 (except where working in parties, when a consignment of 400 will be consigned to each two pioneers and 300 to each two auxiliaries). Exceptions will be made to this rule when deemed advisable.

REMINDER, THESE BOOKLETS ARE NOT TO BE DELIVERED WITH THE SPECIAL REPORT FOR THE REMNANT’S THANKSGIVING PERIOD, APRIL 8-16, PRECEDING THE GREAT PREPARATOR. PLEASE MAKE YOUR ORDERS NOW FOR THIS GREAT ATTACK.

Special Notice

April 2 Divisional Campaign Canceled

The importance of The Remnant’s Thanksgiving Period, and the necessity of eliminating everything that might take our time away from this period is further emphasized by the fact that Brother Rutherford has instructed us to cancel all divisional campaigns for April 2.

This, therefore, is to advise all divisional directors that all matters that the campaign scheduled for that date are hereby cancelled, and that, instead, you use the time and the facilities that are available for the Thanksgiving Period.

The crisis, with the name of the prize booklets are on the cards for this week, and the name of the new booklet for the Thanksgiving Period.

Pioneers, do you know that your best average for a service period was 175 words per hour? That record will be broken by at least 20 words per hour by some of you this week? Pioneers, do you know that your best average for a service period was 175 words per hour? That record will be broken by at least 20 words per hour by some of you this week?

For the nine days appointed for this special witness we are setting aside the Thanksgiving Period to deliver as many of the 600,000 testaments in print as possible. These are to be delivered to the people and rulers of the world in at least 94 countries. All countries throughout the world have been sent Brother Rutherford’s letter, declaring this to be the Thanksgiving Period, and also whether a thanksgiving period should be set aside for this year.

The Name of JEHOVAH Is a Strong Tower

In the Time of The Crisis

The name Jehovah has been placed in the hands of the remnant. His work must be done speedily.

The Remnant’s Thanksgiving Period

April 8-16, 1908, to 16, 1908, we believe will be the greatest season of joy and manifestation of unity of the Lord’s people ever experienced up to this time. Everyone should therefore have a definite part in this most glorious work. The time for serving notice on the enemy prior to the Thanksgiving Period should be taken.

The Remnant’s Thanksgiving Period, April 8-16, is the time to set aside for this purpose. The crisis, with the name of the prize booklets are on the cards for this week.

Third: To reach more people with The Crisis will mean more time than ever must be devoted to the field work. Directors should arrange for parties to go out into the work for every day of the campaign. Don’t be content, if you are a company or pioneer, with a word each week for the few hours each in the service. If you can’t get out during the day, plan to get out in the evening. In fact, seize every opportunity to reach more people.

Pioneers, do you know that your best average for a service period was 175 words per hour? That record will be broken by at least 20 words per hour by some of you this week? Watch for the APRIL BULLETIN

It’s Important

News from Foreign Lands

SPAIN

“We are thrilled with the prospects of the great witness which is to be given during the next service week, and also with the thanksgiving period. How soon will it be ready in Spanish?”

SWITZERLAND

“We shall try to reach many in the Thanksgiving Period in Germany and French a success.”

GERMANY

“Let us hope that we shall make all efforts that it may be the widest witness to the Kingdom. We are in a hurry to do the preaching work.”

ENGLAND

“Crisis booklet send if possible hundred thousand; rejoining to prospect.”

AUSTRALIA

175,000 Crisis booklets are on the high seas for this place. Another boat is carrying 25,000 booklets to New Zealand, and another boat is going to England in time for The Crisis campaign.

IAPAN

3,200 English Crisis booklets will be on hand for the English-speaking population during this period.

SOUTH AFRICA

35,000 left New York by boat for Cape Town, due to arrive there May 15. The Remnant’s Thanksgiving Period will be in the skirmish in the world.

THE WORLD

Every English-speaking country will have a supply of The Crisis booklets for The Remnant’s Thanksgiving Period.

Transcription Machines

To be Used in Public Witness Work

The Lord is richly blessing the progress of the work of manufacturing these portable transcription machines, and they are now being assembled and shipped. We hope to have a number of these in your hands in use within short while.

These machines will be used for public witness to the Kingdom message in the territory. Pioneers who are established in the territory are to be advised to arrange for schools, empty churches, or other places of worship, to which the public witness may be given. A program of one or two transcription records and then present the books to the people. There are many who are becoming too poor to afford radio sets, and this will afford a way for them to hear the message.

Under no circumstances are transcription records supplied for radio broadcasting to be used on the portable transcription machines. This is very important. Use on the portable machines only such records as have been supplied you for that purpose.

Three months have been taken that only needles specially prepared for use on 3 revolutions per minute records are used. Use a new needle for each transcription record. Do not use needles that are cracked or scratched so that the presentation is to any degree disfigured. We demand a full description of the damage. The clarity and effectiveness of the presentation is dependent on the needle and this means depends upon the full cooperation of each one. Therefore, we request that when those who own and use the portable transcription machines give careful consideration to the above.
CLIMAX TO THE WEEK!

The Thanksgiving Period Ends with “The Way of Escape”

WBBR Will Broadcast
Dramas of Special Interest

Jehovah’s witnesses Everywhere Should Listen In

Please Make Special Report of Reception

These dramas are of special interest to the brethren throughout the country because they are the exact reproduction of two court trials recently held in New Jersey. The first drama, “Conspiracy,” recreates the trial at Bergenfield, N. J., in which 31 of our brethren were tried and 23 of them convicted and locked up for 7 days in the Camden jail. The second drama, “Hypocrisy,” portrays the trial of 18 of our brethren at Long Branch, N. J., in which all of them were tried and convicted and given suspended sentence. To the astonished the real value of these broadcasts is that they depict the absolute fearlessness and implicit confidence which Jehovah’s witnesses must and do now manifest as they are brought before the rulers to deliver the testimony for which the Lord has brought them there. Note also how these brethren always tried to bring in as evidence portions of the Order of Trial that the brethren who appeared before them were unable to present, and further, how each one stayed right with the Order of Trial even though not permitted to read it, and all questions were answered from the testimony appearing therein, and were not turned aside from this either by the brazen and arbitrary attitude of the conspirators or the suave hypocrisy of the latter. Jehovah’s witnesses now realize keenly that “politeness” and “soft words” cunningly spoken by agents of Satan’s tottering organization are not to be taken seriously.

We believe that the brethren throughout the United States can hear the drama broadcast between 6:00 and 7:00 a.m. Eastern Standard Time.

Brother Rutherford to Speak on Large Hook-up April 16, 7 p.m.

SURELY IT WILL BE THE GREATEST WITNESS WEEK EVER
Prepare for Action

The Lord has another big surprise for his witnesses for The Remnant’s Thanksgiving Period; and here it is:

A BIG CHAIN RADIO HOOK-UP
ON SUNDAY, APRIL 16, from 7 to 8 p.m., Eastern Standard time, Brother Rutherford himself will speak on the subject “The Way of Escape.”

What a dessert for a Thanksgiving feast! Since we just received the good news ourselves, we are rushing through this special Bulletin so that you may share with us in the pleasure of anticipation and PREPARE FOR ACTION.

Surely the Lord is good to his people. For their Thanksgiving day he spreads a feast lasting for 9 days. On the second day, the remnant partake of the Memorial emblems not only of their participation in the death of his beloved Son but also of their blessed privilege of sharing with him in the Kingdom joy. Jehovah arms them with the new booklet, The Crisis, a subject which is daily being blazed forth in the headlines of the newspapers. He puts the words in their mouths with the special testimony, which is short, to the point, brings the question squarely before the people as to why this present crisis exists, and will enable his witnesses to cover the territory quickly. AND NOW he adds to their joy by permitting them to arrange for another big radio chain broadcast that the people may receive additional information on “The Way of Escape.”

This big hook-up will mean that every witness in the United States and Canada will have the opportunity of sharing in making it a success. How? Millions of radio announcements are to be printed. For the people to know about this important lecture, these announcements must be distributed. The lecture coming at the end of the Thanksgiving Period will mean that the distribution can be made at the same time the testimony for The Crisis is given. To get out all of them before the week is over, it is necessary to act quick, long hours in the field, and close adherence to the printed testimony. Long-winded arguments and discussions will have to be curtailed; for haste must be made from door to door to cover as much territory as possible.

The importance of leaving a Crisis booklet in every home daily increases as the people are coming to realize that they are faced with a crisis as never before. During The Remnant’s Thanksgiving Period special effort is to be made to acquaint the people with the real issue involved. The booklet will make them more anxious than ever to listen to Brother Rutherford Sunday evening and to find out “The Way of Escape.”

The time for the lecture has been set at the best hour of the day, so that all who desire to listen may have the opportunity. From 7 to 8 p.m. Eastern Standard time, we will have a big hook-up. The time is 5:00 to 7:00 Central time, 6:00 to 8:00 Mountain time, and 4:00 to 6:00 Pacific time. Never have we had a broadcast at a more favorable hour; never has there been one on a more timely subject; never was it more important for Jehovah’s witnesses to notify the people concerning it; and never were conditions better for doing this with the special nine-day service period preceding it. We can therefore joyfully anticipate the greatest audience ever listening to the Kingdom message; for “THE CRISIS” is at hand. The people want to know “the way of escape.”

WIDE ADVERTISEMENT TO BE MADE OF HOOK-UP

Radio Folders to Be Furnished Free

In order to get as large an audience as possible listening to the big broadcast of the message “The Way of Escape,” we have just received word from the headquarters in the New York that the Society is going to consign free of charge to every company, sharp-shooter, pioneer and auxiliary special radio folders announcing this big hook-up. The people must know about it, if they are to hear it. The Devil-controlled press cannot be relied upon to notify them concerning Jehovah’s message. Jehovah’s witnesses must do it themselves. You will have a part in this work throughout The Remnant’s Thanksgiving Period. April 8-16, but remember it is to be done while you are giving the people the testimony concerning “The Crisis.” First give the testimony suggested by Brother Rutherford, then an invitation to listen to the lecture, accompanied by a radio folder. If toward the end of the week you find that by proceeding in this manner you will not have distributed all the folders before the time of the lecture, arrange to spend a few hours in the evening distributing the folders exclusively.” While it is important that all the announcements get into the hands of the people, this work should be done so as not to interfere with the distribution of the Crisis booklet.
Do You Want a Part in Serving the Rulers at the Capital?

Read Instructions Carefully and be There for Action

What a Week This One Will Be!

The issue is now clearly drawn. The issue at stake is to have the governments shall endure. Jehovah says they cannot endure, but that on their ruins he will establish a new and perfect government which will stand forever. Notice of this issue must be given to the rulers and to all. They must know the crisis is here and that there is no alternative; Jehovah's kingdom only shall prevail.

Friday evening, April 14, is invited to come and participate in the campaign. If you do not have enough workers to fill your car, mark that on the registration slip so that many more workers you can take.

Transcription Machine Program

A Special Outline Suggested

A copy of an outline for the meeting at which the transcription machines are used has been sent to all companies, pioneers, sharpsshooters, and, in fact, every person who is connected with this or any other government represented in Washington, D.C. On Saturday, April 15, in which it is hoped that the president, every member of the cabinet, all congressmen, senators, and government employees, and the members of foreign delegations, in fact, everyone who is connected with this or any other government represented in Washington, D.C., will be with the Crisis booklet and an invitation to listen in to a nation-wide special chain radio broadcast on "THE WAY OF ESCAPE".

Do you wish to have a part in that campaign? If you do and can comply with the conditions, you may have a part therein. Here is the arrangement.

We are inviting the three divisions immediately adjacent to Washington to assemble as divisions. These three divisions will be divided with headquarters at Philadelphia, Pa., Baltimore, Md., and Richmond, Va. Every worker in these divisions who can be in Washington by 7:00 o'clock Friday evening, April 14, is invited to come and participate in the campaign. All other individuals or car groups outside of these divisions who can participate in the campaign and can be in Washington at 7:00 p.m. Friday, April 14, may also come. It must be kept in mind, however, that this work is of great importance, and the detailed instructions covering it are so essential that we must be thoroughly assimilated by each one who goes into action, and that anyone who cannot get to Washington by 7:00 o'clock Friday evening, April 14, to get these instructions cannot have a part in the campaign. Therefore, if you are unable to make it by that time, do not go at all. It creates considerable confusion to try to work last-minute arrivals into the organization. The big job at Washington will be enlisting 100 workers, when the workers who are thoroughly instructed, and who can be depended upon to carry out in detail those instructions will be dispatched to their territory.

There will be sufficient territory for all those who are in the work at Washington on Saturday to stay over and work in the residential sections on Sunday; but do not come to Washington simply for Sunday's activity, for the witness is just as important in the residential sections of your own territory as it is in those of Washington, and the additional time, effort and expense that would be required in going to Washington for Sunday's activity may be devoted to witnessing at your home. But for those who are there on Saturday and wish to stay over for Sunday there will be plenty of territory; and if any of the brethren wish to come to Washington earlier in the week and work with the Washington company, they may do so. Pioneers driving to this campaign and wishing to make a few stops en route may apply to any company service director for territory and this will be the authority for the service directors to fully cooperate with them by supplying territory and any other assistance they may be able to give. We hope to have at least 1,000 workers on hand for Friday evening; but may we again here emphasize that if you cannot work after 7:00 o'clock Friday evening, don't go at all.

Workers who have been cooperating with the divisional leaders at Elberon, New Jersey, or Philadelphia, or Richmond will please fill in the "Registration Slip" (printed below in this Bulletin) and forward the necessary information to your divisional leader. At Philadelphia it will be Royal F. Spatz, 2123 N. 12th St. For the Baltimore area it is C. C. Fisher, 1306 Easton Pl.; and for the Richmond, Va., area, Russell R. Miller, 3023 Hanes Ave., Richmond, Va.

For those workers who are not connected with either of the above divisions but are planning to serve at this campaign, please fill in the "Registration Slip" and mail to W. Jackson, 1093 Massachusetts Ave. N.W., Washington, D.C.

As far as possible, submit the names in car groups. If you do not have enough workers to fill your car, mark that on the registration slip so that many more workers you can take.

Transcription Machine

Records

Needles for Portable Transcription Machine Records

Great care must be taken in playing Brother Rutherford's recordings on the transcription records and in the type of needle used. The clarity and effectiveness of the transcription depends upon the attention given to these details.

For the best results the Columbian electrical transcription needles should be used. Do not use any other type of needle on Brother Rutherford's recordings. When ordering needles, be sure to have your orders filled with the needles clearly state that they are to be used for playing "33 revolutions per minute" records.

If you are unable to obtain this type of needle locally, the Society will be glad to ship them to you. The Columbian needles come in packages of 100, at 25c a package.

SPECIAL NOTICE

USE THE NEW NEEDLE FOR BROTHER RUTHERFORD'S RECORDS.

For long-playing music records use the NEW THAT VICIOUS PMMUM NEEDLES FOR LONG-PLAYING RECORDS. This is an orange-colored needle which comes in packages of six, at 25c a package. Do not accept the new RCA Victor chromo­typed needle which comes in the silver-gray packages, for they are to be used on "78 revolutions per minute" records.

The needles for the long-playing music records may be used ten times, at least, before renewing. See the instructions on the back of these needles. These needles may also be procured through this office, if you have difficulty in getting them locally.

(Continued from page 1, column 4)
8,474,339 Testimonies Given in 6 Months

The Name of JEHovah is a Strong Tower
To Those Who Love Him Supreme

Jehovah preserves and blesses those who love Him. The love of the creature for the Creator is shown by keeping His commandments. God’s Word makes it plain to appreciate that He will not permit one to become a member of his house and abide there unless one proves his love for Jehovah. Only such could have a part in the vindication of the name of Jehovah. This point cannot be overstated.

Love is an unselfish devotion to the Lord. Every love is expressed in words, and not in words only. The truly anointed, having a vision of the kingdom privilege, long desiring to serve the Lord, are anxious to consider ways and means for doing more. You are devoting all additional time you possibly can to the service this year, so that when vacation time comes you will all be set to start in. Where your local service director hasn’t enough territory, have him write the Society regarding more.

It is the duty and responsibility of service directors everywhere to cooperate wholeheartedly with all who want to devote additional time to the field service.

AND DAYLIGHT SAVING TIME begins April 30. What are you going to do with your evenings? The Lord says, “For where your treasure is, there will you have your heart also.” If the Kingdom is our life and our treasure, why not devote more than enough time to qualify yourself for a splendid opportunity to demonstrate this to the Lord.

And again, there are those who are working 30 hours a week, 5 days of 6 hours each. This allows those brethren affected by these conditions more time than they can possibly use for the auxiliary service. Almost all the brethren have Sunday afternoon off, and each director should arrange for field work for those who can participate at this time, as well as every Sunday. The more hours in the witness work, the more people will learn of the King­dom. Keep in step with the advancing march of the Lord’s army by taking advantage of every opportunity or opening provided to devote more time to the service that the Kingdom may prosper.

These are only a few suggestions. Undoubtedly local conditions will require additional time to be used by everyone. This is an unparalleled opportunity that can be used to advantage to increase their kingdom assignments.

The Lord is strength and our song in this day, and his name is the strong tower to those who love him supremely. The issue of the faithfulness of God’s people is shown by keeping His commandments. God’s name is shown to the world by the witness of God’s people. It was thus shown by the public meeting held in London this year.

TRANSCRIPTION MACHINES

A Splendid Way to Aid the People

The electrical and spring-wound machines which the Society has manufactured especially for the benefit of Brother Rutherford’s correspondence service have proved very successful. The brethren who have received their machi­nes plan to use them during the coming year.

Inquire of your local director whether he has available and commenc­ing your plans to devote all additional time you possibly can to the service this year, so that when vacation time comes you will all be set to start in. Where your local service director hasn’t enough territory, have him write the Society regarding more.

It is the duty and responsibility of service directors everywhere to cooperate wholeheartedly with all who want to devote additional time to the field service.

AND DAYLIGHT SAVING TIME begins April 30. What are you going to do with your evenings? The Lord says, “For where your treasure is, there will you have your heart also.” If the Kingdom is our life and our treasure, why not devote more than enough time to qualify yourself for a splendid opportunity to demonstrate this to the Lord.

This allows those brethren affected by these conditions more time than they can possibly use for the auxiliary service. Almost all the brethren have Sunday afternoon off, and each director should arrange for field work for those who can participate at this time, as well as every Sunday. The more hours in the witness work, the more people will learn of the King­dom. Keep in step with the advancing march of the Lord’s army by taking advantage of every opportunity or opening provided to devote more time to the service that the Kingdom may prosper.

These are only a few suggestions. Undoubtedly local conditions will require additional time to be used by everyone. This is an unparalleled opportunity that can be used to advantage to increase their kingdom assignments.

The Lord is strength and our song in this day, and his name is the strong tower to those who love him supremely. The issue of the faithfulness of God’s people is shown by keeping His commandments. God’s name is shown to the world by the witness of God’s people. It was thus shown by the public meeting held in London this year.
Who May Participate in the Field Service

The Crisis in Every Combination

Try to Leave It in Every Home

The message contained in the new booklet The Crisis is one which should be placed in every home, if possible. Last year the Lord gave the encouragement needed to make this possible. It is hoped that this year the Lord will enable arrangements to be made for so many different countries that the booklet alone will come to an end with the conclusion of this period. If this booklet alone should be distributed, it would be far better than any of the others. However, the Lord has promised to help us, and if the arrangements are made for The Crisis booklet to be distributed with as many other publications as possible, this will be as it were a new opportunity to leave The Crisis in each combination placed, and before leaving a place where the literature is not being distributed, put the booklet in a shelf offer with the special Crisis testimony.

Back Calls on Radio Listeners

The large number of letters requesting copies of Brother Rutherford's lectures on the chain broadcast radio programmes, have been carefully considered. The office and arrangements are made to forward the copies of the lectures to the nearest office, which will be called on to distribute them. In the case of large companies where a number of special copies are ordered, arrangements will be made to forward them to the office. This will be the general policy in the future.

Report on Radio Dramas

The whole-hearted and enthusiastic cooperation of the brethren in reporting on the radio dramas put on by the Canadian station was shown in a report that ran in the News from Everywhere for the week ending Sunday, April 2, Wednesday, April 5, and Wednesday, April 12, is much appreciated. As we have reached the period in which we are beginning to understand what portions of the air we can reach through WRBH when there is no interference.

News from Everywhere

The Canadian Radio Commission refused the permission of arrangements of Brother Rutherford's lecture "The Way of Escape" and this week his words are being broadcast to over Canadian stations. However, the brethren are not dissatisfied and have heard more than ever. 374,000 radio folders were distributed so that people of Canada could listen to the message. The words were given on April 16. In addition to this, arrangements were made to advertise the message in the radio papers. Jehovah's witnesses in Canada are greatly enthused over the three special radio lectures, and believe the possibilities of the future are very well received there.

Cuba

"I am pleased to state I was with the brethren of Havana and we had things all fixed for the lecture. It has been the gathering of over 200 hora same and was very pleased." Havana is located in the eastern end of the island.

News from Everywhere

- And now what?

Jehovah's witnesses will continue to witness to the world in their efforts to advertise the Kingdom. They will put in more energy so that the Lord's kingdom will be preached in all the world for the还 of the age. There were pockets where the brethren could not get the programs so well, but, on the whole, the work was done as usual. The brethren who fairly good sets had very little difficulty in receiving the program on that Sunday, morning. The two tests were very good. The Sameness of rain and cloudy, made reception very poor all over the coast except in the "immediate vicinity." In the town of New York, A great many brethren who never thought it was possible to get WBNR on the devoted stations between 6:30 and 7:00 were now getting it regularly because it was demonstrated to us that our station can be brought in very well at that time of the day.
Almost Everyone Will Be Able to Put in 5 Full Days

Testimonies to Date 11,511,318

JUNE 1, 1933

Ambassadors' Devotional Period, July 4 to 9

Time in the Field Will Bear Much Fruit

Books and Booklets to Be Offered

July 1-9 is another period set aside by the remnant for worshiping Jehovah. This period is to be called "Ambassadors' Devotional Period". Paul said, in 2 Corinthians 5:20: "Now we are ambassadors for Christ"; or, according to the Diegmann: "On behalf of the Anointed, therefore, we are ambassadors." The May 15 Watchtower says, in part:

"Jehovah put his words in the mouth of Christ Jesus the Great Prophet, and that Great Prophet has instructed and enlightened those who are of the anointed class... Jehovah committed his testimony to Christ Jesus and clothed him with all power and authority; hence it is written that it is "The testimony of Jesus is the spirit of prophecy", did not specify that testimony from man, but from his Father. Christ Jesus is the elect servant of Jehovah and the faithful remnant on earth, being members of his body, are the feet of him to whom the testimony of Jesus Christ is committed. As members of the body of Christ the remnant are under the direct command of Jesus Christ, the Head, and must render to him complete obedience. A failure or refusal to deliver the testimony of Jesus Christ would be unfaithfulness on the part of any member of the remnant."

How appropriate, then, it is that the remnant should be called "ambassadors for Christ"! As ambassadors for Christ they show their devotion to God by obeying his commandments. It will be a busy time for them.

The season itself is particularly fitted for giving more time to the witness work. With two Saturdays and two Sundays, and a national holiday in the United States on July 4, the ambassadors for Christ will have considerable time off from their usual employment. Holders are especially good for witnessing, because then the men are at home from office and factory and the farmers are in from the fields. During prosperous times many people go pleasure-seeking on such occasions. New they stay at home and have time to listen to the message brought to them by the ambassadors of the Anointed.

Two special combination offers are to be presented during this period, in communities where the people are not too poor, "Preparation" 1, 2 and 3, and both booklets combination should be presented first. In each booklet combination there will be included a special book, and, in fact, it should be offered singly at every home where the other literature is not taken.

Since this will be the first and only service period during the summer, special effort should be made to get out into the rural sections. If possible, a survey of the territory should be made in advance by the directors, and the workers advised as to the more suitable of the two combinations to obtain the best results. Good, working relations at this time of the year should be possible to take farm produce as contributions for the literature. It would be well, therefore, at a service meeting preceding the period, for the matter of the disposal of surplus produce to be considered. If the brethren know that they will have little difficulty in getting rid of that which they receive they will then know what produce to suggest in instances where the people have no money.

If a section is to be worked where some particular produce is a specialty with the farmers, the service director should investigate the local markets to see if any surplus over and above the personal demands of the workers or cooperative workers is present. In favorable arrangements can be made with a local merchant, then the workers can agree to sell it for a commission, and the proceeds will be a help to the workers and the local farmers. In this way the workers will not be losers. Knowledge of such an arrangement would be a help toalling workers working in the vicinity, also.

The territory should be well mapped out and the workers thoroughly instructed where to go and how to get there to avoid all waste of time. Policies should be arranged for working the rural sections so as to keep the workers busy. If the temperature is high, all workers should cooperate by making their testimonies brief and to the point.

The Jonadabs Are Taking Their Stand
The Crisis Booklet Greatly Appreciated

It is still too early to give you the international report on the results of The Remnant's Thanksgiving Period, since not all the reports from the different countries have yet been received. We do have the final figures for this country now, and they are well worth sharing with you.

The workers gave away an estimated 2,229,880 testimonies, 987 auxiliaries reported an average of 26.30 hours and 81.12 booklets, and the 18,204 company workers averaged 18.56 hours and 888,892 testimonies. The testimonies were delivered by 782,852 books, 281,472 Bibles, and 554,427 other materials.

There is every cause for rejoicing in these statistics, for they reflect on the efforts of all the workers, the effort of all parts of the country. We can look forward with anticipation to the final world meetings of the year, and be confident that the results will be even more encouraging.

It is a matter of fact, several letters have been received stating that the workers and auxiliaries have been directed or instructed to hold meetings in the work for the first time. This has not been a matter of fact, several letters have been received stating that the workers and auxiliaries have been directed or instructed to hold meetings in the work for the first time. This has not been the case throughout the country. In some places, the meetings have been held due to the efforts of the workers and auxiliaries.

Therefore the Lord's people have good reason to be confident that the testimonies that have been given will continue to increase. As conditions throughout the earth get worse, it is evident that all human institutions are becoming more poor and needy. Their distress and misery increase, but their numbers both do not fall. Although the Lord's people are doing all they can to comfort and help them, there is a great need for more workers and auxiliaries to be instructed to hold meetings in the work for the first time.

AMBASSADORS’ CALL TO ACTION

Field to Be Wonderfully Prepared for Service Period

Over 150 Stations to Broadcast Special Transcription Prog.

The Name of JEHOVAH
Is a Strong Tower

To Those Who Are on His Side
Meetings with Transcription Machines to Instruct Many

During these perilous times it is of vital importance to let the people know that there is only one place of security. Some are beginning to realize that the institutions of the world offer no real protection against the great day which is at hand. They are asking: “What is the way of escape?” How may I receive protection during the impending conflict? Is there a way to have the assurance that such a central place outside would probably result in many lost souls. Public parties of 50,000 on public beaches, and summer resorts during the warm weather offer excellent opportunities for meetings.

Tourist camps also should not be overlooked. It may be necessary to try permission to hold your meeting on their property; if it is not granted, try the farmer across the road or a near-by service station or “hot dog” stand. Then invite the campers to attend the broadcast. Many of these camps are located on the outskirts of towns where there is nothing for the people to do during the evening before retiring. Many will gladly to have something to do after their sleeping hour, and will receive a great blessing thereby. These camps, being inhabited by a continually changing population, can be used repeatedly.

It is not to be expected that such meetings will be attended by great numbers, but if the machines are used effectively, they should be used frequently. Extensive preparations need not be made, but if one is on the alert, places his placards announcing the meetings in conspicuous places, and then drives around town in his car advertising a musical record to attract attention to a big placard on his car advertising the meeting. Interest can be aroused. Where sufficient interest is shown a series of meetings should be held to further develop the interest.

Radio Drama over WBBR

The drama “Defying Jehovah,” which is the spiritualization of the trial of our brethren at Summit, N. J., recently, will be broadcast from the studios of WBBR in New York, Sunday morning, June 18, between six and seven o’clock, Eastern Daylight Saving Time. This benefit for the brethren throughout the United States and Canada who are able to get their station. We would appreciate a card commenting on the presentation and advising how the program was received.

Skenous Campaign Ahead

Be Ready to Start on July 1

The lectures will be advertised by the distribution of 5,000,000 radio announcements, which are being shipped to companies, sharpshooters, tour organizations, and other agencies, and will be used effectively, they should be used frequently. Extensive preparations need not be made, but if one is on the alert, places his placards announcing the meetings in conspicuous places, and then drives around town in his car advertising a musical record to attract attention to a big placard on his car advertising the meeting. Interest can be aroused. Where sufficient interest is shown a series of meetings should be held to further develop the interest.

5 Million Folders to Be Distributed by June 18

Should Know of Important Broadcasts

Ab Class Invited • Participate

Window Cards in Advertising

May 13 Watchtower makes significant statement: “Regarding the depression now being suffered by millions of people, the testimony of Jehovah must go on in whatsoever manner he provides. The most pointed messages to date against the Devil’s organization and for the comfort and encouragement of millions are the ones contained in the recent chain network speeches “The Way,” Editions 6-9, “Kingdom Blessings for the Kingdom” and “Prosperity” and “Kingdom” and “Prosperity”...”

Microphone announcements were used last April at a large number of the field’s radio stations. This publicity was very effective, together with distribution of thousands of “Watch Tower” “sandwich” boards, posters on automobiles and tracks.

Hold Chain Records Pending Instructions

The five disks, containing the special chain talks, are to be used in a fifteen-minute program to be put on July 9, to be kept by the radio representative until the time the cards are to be collected.

Special Report for July 1 to 9

EVERY service director, sharpshooter, pioneer and auxiliary is to have a report card covering the time of the Ambassadors’ Devotional Period. This report is to be made out on one of the regular monthly report cards, and this card is to be headed by you, “Ambassadors’ Devotional Period, July 1-9.” This special report is to be sent to the Society by July 10 at the very latest.

This will mean that during July 1-9 the brothers are to have Two report cards for the Ambassadors’ Devotional Period, and another report card for the Feast of Tabernacles month of July (from July 1 to 31); thus including in your July report the special period results.

Shipment of the Special Radio Folders

All the companies, sharpshooters, pioneers and auxiliaries throughout the United States will receive the shipment of their special radio folders, free of charge. These folders are being shipped ONLY to the English service director or sharpshooter and to the isolated pioneers and auxiliaries. Foreign-speaking stations in the United States which can be utilized by Jehovah’s witnesses in this special campaign are to be informed in writing by their English service director or sharpshooter the quantity of folders they will receive.

As a general rule, the size of the consignment sent will be such as to allow each company or auxiliary to dispose of these folders within ten days of their arrival. To accomplish this quick disposal, in company and sharpshooter territory especially, service directors and sharpshooters must immediately notify the different brethren in the territory of the receipt of the folders. Every effort must then be made to get the name and location of the brethren quickly, that they, in turn, may speedily distribute them to the people without interfering with the field service work, of course; thus enabling as many people as possible to tune in on all three of the lectures.

The Society will start printing these folders June 5. On that same date, or the next day, the latest, the shipping of consignments will begin. We expect to be able to get folders to all the radio folders by June 10.

What to Do with Old Transcription Machine Records

Not to Be Used for Radio

Some of the brethren having portable transcription machines are writing in to the transcription department asking whether they may use the supply of cards sent, and asking for more records, and also asking what to do with the ones now on hand.

The original intention was to re-use these records in quantities of six cards, one a month, beginning about July first. However, Brother Rutherford has approved another arrangement, which will operate during July, August and September, so that the rotating will be started a month later. The other first. You will receive full instructions on this later, and will also receive notice when to order what numbers you are to ship, and the numbers you will receive, at that time.

The supply of records which you now have can be repeated every three or more weeks until the new cards, having been sent, are in hand. The regular field leaders and supervisors are to hold meetings in different localities, they can be used indefinitely.

You may also send old transcriptions to the use for radio purposes the records of them to the isolated pioneers and auxiliaries. These use for radio purposes the records of these special radio talks, when it is not possible to distribute them properly, especially among the groups which have not been able to receive them, the drafts, the pupils and the auxiliaries. These records will be of special service to these groups, which are now being shipped to other parties without written instructions from the transcriber.

AUSTRIA
"We have never before had so
much joy to send in our report,
which is beyond all expectations.
This was the true period.
We received
very good results, but as compared with
Thanksgiving Period they are far
behind. In the Kingdom of
last year we placed 5,000,000 booklets,
but now the company workers alone
distributed 34,000 booklets; and
hence last year the highest
number of company workers was 400,
this year 686 brethren have partici-
participated in the service. We are grate-
ful to the Lord and rejoicing ever
this accomplishment."
BELGIUM
"The Thanksgiving Period has
period of time; The total
of 1922,
showed a decrease in number of workers to
37,411, total literature 677,122,
tainers 50,222, testimonies 2,292,
5,858, but those who paricipated
worked diligently and reported 384,
100 hours. With these figures as a
basis the quota of 5,000,000 testimo-
and 1,000,000 pieces of litera-
ture was set at first for The Rem-
Rutherford's letter was
written at the close of this
glorious period and when all the
other workers had returned from the
field, Brother Rutherford delivered a
stirring lecture on "The Way of Es-
ap", over a large network of radio
stations. During the week millions of
radio folders announcing the
ature were distributed in the
United States and Canada and every
effort was made to see that the people
had an opportunity to listen to this
important message. Shortly after
the lecture thousands of letters and
telegrams were received expressing
appreciation and requesting a copy
of the address.
It was surely a wonderful
Thanksgiving Period and the brethren
throughout the earth give thanks
and praise to Jehovah for these in-
spiring results accomplished. But
for His spirit, His blessings and His
protection, none of this would have
been possible. Knowing that you
will wholeheartedly support this work
from some of the various countries as to
how they got along in this campaign,
we give you some excerpts from
their report
BRITISH ISLES
"This has been a unique experi-
ence. The brethren have never risen
to an occasion as to this, nor has
there ever been the same spirit
manifested and continued through a
like period of time. The total number of
booklets placed is 220,888. We
anticipate we might reach 200,000,
but the number has gone 10 percent
in excess of that. The number of
Watchtower subscribers who re-
sponded to the invitation contained
in Brother Rutherford's letter was
more than expected. Some of these
have now become regular workers.
The presence of these new workers
undoubtedly affected the regular
workers. The grouping of pioneers
in parties of from 6 to 18 in the
cities, under the care and guidance
of a regional service director or
member of the Bethel family, was
a great success and an inspiration
to all the people."
CANADA
"The brethren in Canada and New-
foundland entered into The Rem-
nant's Thanksgiving Period with a
greater fervor than at any time prior thereto and Jehovah's rich blessing
was upon their efforts to herald
the Kingdom message. In that period
they surpassed by 25 percent the
number of workers ever before en-
gaged in the field during any special
period. These workers devoted
25 percent more hours and gave 55 per-
cent more testimonials than ever
accomplished during any special
period effort yet other. See the
reason that this drive was held at a
time when climactic conditions are most unfavorable.
(Continued on page 2, column 4)
**COMBINED REPORT**

The Remnant’s Thanksgiving Period, April 8-16, 1933

(Continued from page 1, column 4) able to cover any but the largest cities and towns, country roads being impassable, yet the number of pieces of literature placed and the number who obtained literature also greatly surpassed anything that was attempted heretofore, with the exception of the Kingdom book-let drive, at which time the roads were like ideal and all conditions favorable to the work.

**CENTRAL EUROPE**

“The greatest battle God’s con-

number was ever engaged in is now past. The Lord’s visible army was vitally united along the line. Jehovah has indeed done great things for us, and our hearts are filled with praise and thanksgiving for the fact he had prepared for us.

The total result may be called marvelous; it has far surpassed our expectations. The greatest number of workers so far was 2,459. During March and April, however, 1,258 above that number participated. In the past we were able to distribute during services about $5,000 books and 80,000 booklets. This result was exceeded during Kingdom Week, in February 1932, when 2,000,000 booklets were distributed, but this was exceeded beyond expectation. In spite of the fact that the operation was reported to be more difficult, the wonderful result of 3,070 books, 212,841 booklets and 18,421 copies of The Golden Age was not exceeded in booking in the service increased from 26,037 to 42,034, and the number of testimonies increased from 52,500 to 501,000.”

**FRANCE**

“The brethren put forth great effort and were determined to obtain the highest results yet reached.”

**GERMANY**

“The Thanksgiving Period was a great climax in the work here in Germany. The first day of the period the enemy opened his attack on the whole front. On the first day the interdiction and confiscating of the Orange Book was ordered by the Magdeburg government; but more than two million copies were seized by the possession in the hands of the brethren, and because the interdiction was accompanied by the interdiction of all associations in the Protestant countries of the west, the brethren spread the whole quantity of booklets in a great burst. Of course, under these circumstances the most of them were distributed without challenge. In this way the two million Crisis booklets were distributed in Germany. Never before in the history of the church was so great a number obtained by the brethren.”

Eight days after the end of The Thanksgiving Period, representatives of the whole factory and office of the Magdeburg branch was occupied by the police and all printing presses, and the entire plant was stopped to compel operation. The company was not屈服, and then the Lord showed his mighty hand and delivered his people. The situation was greatly changed, and the Golden Age continues to undertake all procedures against us and to lift the interdiction of the Bible society and any other organizations in the state. The result of our campaign was to show that the government had won the battle, but the Lord showed that his hand is over his people and over
Great Work to Be Done During Next Three Months

Summer Vacations Mean More Time to Witness

Finish Rural Territory by September 30

Vindication and Preservation to Be Strengthened

The manner in which Jehovah is going before his anointed and literally taking the earth with the three stirring radio speeches, first, over a national network of about 60 radio stations, next, over the 170 stations, and following that over hundreds of portable transcription machines in different parts of the country, indicates the importance of this summer's activities. The Great Daily Activity leaves no shadow upon the action. The position of the anointed now is that of witnesses before the nations, every highway and byway, every city, town and hamlet must be told of the Lord's kingdom and from which we are living. God's remnant are prepared for that purpose. Every one who is to be faithful to Je­hovah at this time must use every power to that end. As Brother Rutherford very definitely stated in his sermons on 'The Service Field', the rulers have had their witness and we are now calling upon the people that Jehovah's witnesses may escape and that the issue may be squarely presented to every creature. The time has now arrived when we must take their stand on the Lord's side and have his protection or to reject the offer of provision and suffer the consequences.

To do this properly, this summer must witness the greatest house-to­house work ever done. Every section of the rural territory held by companies should be finished before September 30. Even portable transcription machine meetings are held territory they should be witnessed to twice; once before the meeting, doing the double work of witnessing and inviting the people you call upon to attend the meeting; and the second time within a week or ten days after the transcription meeting. This will make it possible that advantage may be taken of the interest developed by the meeting.

The literature to be stressed is the Witness, The Watchtower, Preservation booklets, and the booklets, with our objective being that of leaving at least a booklet at each house. Jehovah's witnesses are using this time to the utmost. It is not a matter of putting books or putting booklets on doors, but they must be sure always to present the bound books first. This is particularly necessary, because, as we have mentioned before, much time, energy and money is spent in reaching the people. The responsibility of the service director and service committee, pioneer and sharps­hooter to plan this work, so that the greatest possible witness may be given. The service director is particularly charged with the responsibility of seeing that adequate provision is made for every one in the company to have a part in these camps, and to keep in touch with the people. This is an important camp­ing in the lives of the anointed now. It is not a matter of 10 per­cent, but that each one must be 100 percent for the Lord and his cause, first, last and at the end.

In many companies there are a great many interested who love the Lord and his cause and who do not claim to be of the anointed, who are termed the “Jona­dab” class. Provisions should be made so that every one may have the opportunity of demonstrating his love for the Lord and his cause by participating in this activity to the extent of his ability, so that the next time there will be vacations for those who are employed in secular pursuits that they will not be unable to devote all of their time to the Lord's kingdom service. What is going to be done with this vaction? Is it going to be used to the praise of Jehovah's name or to gratify some personal desire along these lines? This is a question each one must face and answer before the Lord. Then there are Labor Day and Memorial Day meetings on Sunday, during which practically every one is released from all secular work. This is a time when Jehovah's witnesses may escape and that the issue may be squarely presented to every crea­ture. This is the occasion when Jehovah's witnesses are forbidden, and it seems greatly in the privilege of taking part therein. Financially the people have been put forth - at least a booklet each year; and more are added to the ranks of the opposition class.

JAMAICA

"Each one went forth with renewed zeal and determination in the service. Although our output is not up to our expectations, we rejoice greatly in the privilege of taking part therein. Financially the people are prepared for service. The Kingdom booklet has been in the field with such a great joy of the Lord just the same."

JAPAN

"We had a heavy rain all over Japan during this period, but in the wake thereof we believe that Jehovah's witnesses were in the field with such a great joy of the Lord just the same." (1939-40 Testimony Period Report)

NORWAY

"As we did not have the Crisis booklet for September 3 and 4, the result in booklets placed is not so great as it could have been. But the result was quite encouraging, and certainly as good as it could be under the circumstances. The placement for any testimony period far exceeds the placement in the same period last year, 1,292 against 1,002. Everyone was inclined to agree that a whole was greater zeal and joy in the work, amongst the brethren everywhere, and greater interest for the work. The church has more and more of the people into two camps—for and against the truth. In the big city, there is much more of the people also in our little country." (1940-41 Testimony Period Report)

KOREA

"Am so glad to send this special report for Remnant's Thanksgiving Period. The people of Korea are very interested in difficulties for them to obtain literature; but Jehovah's special blessings were upon His witnesses in this period, as shown by briefings. That is the highest record for any testimony period ever had in Korea. In this period two conferences were entered into north Manchuria. The land is very dangerous on account of the war, but they are there for the Almighty One and boldly active in there." (1940-41 Testimony Period Report)

LITHUANIA

The period commenced with good prospects. In Lithuania, as separate from Memelgebiet, over twice the number of participants were prepared for service. The Crisis book­let had arrived and all were looking forward to its distribution. Suddenly, on the second day of the period, the forces of Gog showed themselves. A large number of the workers were imprisoned in one of the stiffest countries for the witness work." (1940-41 Testimony Period Report)
How to Report Meetings in Outside Territory
July 10 will mark the beginning of the seventh month with the three special speeches "The Way of Escape"; "Effect of Holy Yoke on Peace and Prophecy"; and "Kingdom Blessings for the People". These lectures have created a nation-wide interest and desire for the new method of witnessing. The harder the companies or pioneers in your territory work, the more will the records in the hands of everyone in your territory. There must be a widespread desire to have the records in the hands of all the people. The radio representatives are to have the forms upon which to report the meetings held, such reports to be made as in the past. All the reports are to be mailed to the Secretary of the Ambassadors' Quarters, Divisional Office. The monthly report is due by the 15th of each month.

You have analyzed your territory; picked out the best places for these meetings; are you ready to go into action on July 16? Have you notified the members of your division that they are to report on the activities of their brothers? Do you have the necessary forms ready? Are you planning a special benefit meeting for the Pioneer Division to report the work done during the month? Are you making arrangements for the proper advertising by placards, signs on the sides and spare tire of your car, and such other means of inviting the people and helping them to find the meeting place? Start making these preparations now, so that they will not interrupt your work during the Ambassadors' Devotional Period. After this Devotional Period the final arrangements for the coming Sunday's campaign are to be made.

While this campaign is to be of an intensive and extensive nature, it is still your field witness work. The machines are primarily for the use of the pioneer. But a very few may be used by those who have the necessary administrative ability and the time. The need is so great that those who have this ability should be sure to advertise placards, instructions for operation, pamphlets and instructions covering same.

Outdoor Meetings During Summer
A special portable transcription machine which was used in the touring of the three special speeches will commence Sunday, July 16. If each one who has to do this work finds it possible to be there, it will promptly coordinate according to the instructions received from this office, there will be no lack of these machines in the hands of the transcription machine owners in plenty of time to commence on that date. This, however, will mean that the radio representatives are to ship these records promptly to the parts where they are needed, and have no difficulty in the hands of the machine owners in adequately having these records in order.

Special Broadcast Record Should Be Shipped Promptly

In practically every territory there are a number of towns and small villages, which will accommodate one or more meeting places, and at which the members of the company can get in touch with the colored witnesses and go into action.

One of the factors in having the records in the hands of all is the need for the pioneer to put in his full time in door-to-door witnessing. The pioneer is in a position to report with appropriate opening and closing announcements, and the fourth lecture will have the speech by Brother Rutherford on record J-130, "Jehovah Is God." After this record is used, it should be taken in to organize those interested into a more advanced study of the Kingdom requirements and invite them to come to a meeting at your divisional office. Also an effort should be made by the company to see that everyone qualified is appointed to look at any meetings that are thus arranged.

The message that Jehovah will be present and make ready to join in taking their stand on the Kingdom, has brought much gladness and encouragement to thousands of Jehovah's witnesses in that side of Jehovah. Also an effort should be made by the company to see that everyone qualified is appointed to look at any meetings that are thus arranged.

When they get a holiday get into the surrounding villages and krans, carrying the Kingdom message with them wherever they go. It is the one big thing in their lives. All the money they earn is spent on literature. They are not by the party who has invited them, but by Jehovah who invited them. Then after this the company or pioneers must be on their way again within the territory; they have worked for the month and now they will use locally?

The prospects for the coming summer months are great. As a rule, people would like to have the privilege of taking a share in the witness work; with them wherever they go. It is the one big thing in their lives. All the money they earn is spent on literature. They are not by the party who has invited them, but by Jehovah who invited them. Then after this the company or pioneers must be on their way again within the territory; they have worked for the month and now they will use locally?

Kingdom Proclamation Period, Sept. 30-Oct. 8

A Message to All of Jehovah's witnesses from Brother Rutherford

"Escape to the Kingdom" to Feature Campaign in Many Nations

Season to Be Holy unto the Lord

All Witnesses to Try to Put in More Time than Ever Before

Special Transcription

Speeches Arouse Great Interest in Message of New Booklet

"God's typical people celebrated two periods of the year: one in the spring period of joyful thanksgiving, praise and service unto Jehovah, God, a feast to the prosperous kingdom work", and therefore it is designated Kingdom Proclamation Period. To be sure, there are other service periods during the year in which the remnant delight to put forth a special effort to sing forth the Lord's praises, but these being seasons of special feasting upon the goodness of Jehovah, it is the desire of the remnant to make each one of these spring and fall thanksgiving periods bigger and better than ever.

Brother Rutherford is so impressed with the importance of this fall period that he has addressed a special letter to Jehovah's witnesses in all the earth, sending it to us from London, England, so that it may be received by Jehovah's witnesses in the August issue of the Bulletin. A copy of which will be made available at the regular offices of Jehovah's witnesses wherever they may be. All branch offices that publish their own Bulletin will carry a translation of this letter in their version of the Bulletin. May this be a special blessing to our brothers and sisters today and forever.

May the Lord give you understanding to follow this special letter.

With much love and best wishes, I remain

Your brother and servant by His grace,

President

Watch Tower Bible & Tract Society

by Brother Rutherford on "The Bulletin for Jehovah's Witnesses", August 1, 1933.

In the United States, millions of people have been led to believe that this year, proclaimed by "Christenson" as a "holy year", will bring relief to the people. God's kingdom (Continued on page 2, column 1)
Included with Orders

After August 1

To assure a suitable supply of the new booklet "Escape to the Kingdom," the Society is arranging to continue the publication of the auxiliary and sharphooter whose account is in good condition a supply of the booklet until the closing of the Kingdom Proclamation Period until November 1. Additional shipments of the book will be sent out to each territory may be ordered afterward. Companies, pioneers, auxiliary and sharphooters who have not received their booklets to be distributed will be given a top priority over others. Therefore, in order to meet the demand for the new booklet, each one will have to do their part to assure a sufficient supply of the booklet for distribution to their respective territories.

The more favorable weather conditions, and the fact that this campaign is in its middle stages, should enable the brothers who generally have more time to read and think and a longer time before them, with promises of prospects of plenty and plenty unfilled, and many who will continue to have the help of their hearts to avail of the opportunity to hear the lectures and the machine, and to assist in the distribution of this material, will be the reason to believe that it will exceed the distribution of The Crisis.

The commitment of Escape will continue as long as possible, and will be sent out to you from this office after the first of August, as we hope to have all the available booklets shipped before the factory closes.

But notice! Do not use the Escape booklet for public distribution before September 30. Please comply with this request. When brethren have finished their work of distributing a certain booklet before it is released they have caused considerable confusion and embarrassment to other brethren who have complied with the Society's request. They have had no inkling of the purpose of this request by the sake of the organization, not to publicly distribute any of these booklets before September 30.

If for some unforeseen reason someone is in a hurry to distribute this booklet before September 30, there is only one way of escape. The Lord has certainly supplied his people with a tremendous number of radio stations, a large number of telephone exchanges, and one which will rejoice everyone of the appointed to a particular territory, and in addition, we have a booklet which has received wide public attention, and has been used for the purpose of supplying the name of the organization to many who do not have radios and who have not had the opportunity of hearing the message of the air. AND NOW the Lord gives his people the wonderful privilege of taking advantage of this new medium of reaching the public. Publicity by having the lectures published in a most attractive booklet so that everyone who contributed with 5c toward forwarding the work may have his copy and prove that he was a part of the work, from his own Bible. This earth has never seen a feast unto Jehovah so widely heralded and announced to the people.

That the very essence of the campaign is "Escape to the Kingdom," the Crisis booklet was quite apparent from the reports of interference in various regions during the Remnant's Thanksgiving Period; but instead of its putting a stop to the work, the very contrary was the case. The grace unparalleled results were accomplished. That Satan will continue to work through his agents, expected, but the remnant will not fear; for "If God be for us, who can be against us?" (Romans 8:31). If there has come for this message to be put in the hands of the people, nothing can stop its being accomplished. The cover of the new booklet will thrill you, too, for the picture itself is powerful and striking. God's righteous judgment in execution

Bethel Home and Factory
Closed from August 21 to September 4

Pioneers Should Have Territory to Last Through September

To save yourself, as well as us a lot of trouble, please remember that the Bethel Home and factory will be closed from August 21 to September 4 in order to permit the brethren who are on the regular schedule from their regular occupation. Please do not put off preparing for the camp meeting if you do, your order may not be received until after September. We have been requested not to write the office during this period, as accumulated mail adds much to the work upon the reopening of the office.

Pioneers, in particular, should be sure this booklet has reached you in time to keep them busy until the middle of October and that their stock of books is sufficient to last them through September. In sending in your orders for shipment Just before vacation we recommend increasing the number of the Escape to the Kingdom that are desired for the service period September 30 to October 9, so as to ensure your having the desired quantity and also save in shipping expense.

Notice to Countries Where There Is No Branch

A copy of this Bulletin is being mailed to branch offices in countries where there is no branch office of the Society nor company organized for service. We hope to invite all those who love God to join with Jehovah's witnesses in carrying this message of the greatest delight to the people. If you desire more information on how to get lined up for this purpose, we suggest you write to the Brooklyn office. We urge you to make preparations now, so as to have the work well under way by the Kingdom Proclamation Period. If you are not located near a company of Jehovah's witnesses for the purpose of distributing "Escape to the Kingdom," send your order direct to Brooklyn now, in order to get the booklets in time to have them distributed. The number of booklets which should be ordered should be accompanied with a remittance to cover the cost of the quantity ordered. The cost will be in quantities of 50 or more the cost is $8 per each. This price includes the carriers' charges.

Its size, instead of disheartening the remnant, will fire them with determination to put forth that added effort which will make possible the work that was done once, by the Lord's grace, and if each one does his part, looks to the Lord and asks Him for His grace, more and more of the Kingdom class coming forward and taking their stand on the Lord's side, it may be possible to cover territory any faster. More hours in the field, therefore, will be required to keep up with the average growth of the auxiliary's and the pioneers. Therefore, in order to obtain better results, let the company workers try to increase their average by 12 hours and the auxiliary's by 10 to 12 hours, the auxiliaries from 20 to 29, and the pioneers from 42 to 45. Placement figures should be held constant in the testimony. The number of testimonies reported during the spring campaign averaged a little better than 58,804 per month, including the additional hours reported by pioneers, auxiliaries and some company workers. In many more hours than 12.3 in order to bring up this average the number of testimonies will be increased. Therefore, in order to obtain better results, let the company workers try to increase their average by 12 hours and the auxiliaries from 20 to 29, and the pioneers from 42 to 45. Place-

Transcription Machines Will Add Greatly to the Witness

Order a Large Supply of Heaven and Purgatory

The Lord foretold that when the enemy would come in like a flood the spirit of Jehovah would lift up a standard against him. The anointed of Jehovah will face the greatest crisis that they have faced up to the present time. The enemy is exerting no effort in his desperate attempt to stem the increasing tide of Kingdom truth that is going forth throughout the earth pertaining to the destruction of him and his organization. Out of his mouth, particularly as represented in the Catholic Press, is going forth a flood of lies, vilification and misrepresentation intended to influence the minds of people against the Lord and his kingdom as well as against the Kingdom representatives. Therefore, the assurance that at that time the spirit of Jehovah would lift up a standard against him and to again lift the people in ignorance of Jehovah and of his kingdom arranged for their deliverance and blessing. The enemy will gladly destroy every one of Jehovah’s witnesses if he could. This he cannot do, because Jehovah will not permit it. Jehovah has a work for his people to do now, and that is to lift up a standard against the enemy. God’s truth, the facts regarding the kingdom of Jehovah and the blessings it will bring to the people, and the undeniable proof of the wicked practices of the enemy in turning the people away from the Lord to their own destruction, constitute a real standard against him.

A special Golden Age containing Brother Rutherford’s speech delivered at Plainfield, New Jersey, on Sunday, July 30, and broadcast over radio stations WBBR, WCAU and WODA, was the most thrilling and forceful speech ever delivered before any audience in our day, and also an open letter addressed to the Catholic Press by Brother Rutherford in reply to the unwarranted attack upon him and the radio stations carrying his lectures, and containing the answer that is fully prepared. Those who were privileged to hear this talk from Plainfield have some conception of the wonderful message this Golden Age will contain. To try to describe it for the readers of the Bulletin would be impossible. Therefore we simply state, as above, that it is the most wonderful and forceful presentation of the crisis we are now facing that we have had up to the present time, and then let you read the message for yourself and go forward inspired by the spirit of Jehovah to see that this message is placed in every home in your territory in the shortest possible time.

The first printing of this Golden Age will be one million copies for America, and they are to be distributed during the month of September, every one of which is to be placed in every possible home in your territory in the shortest possible time.

Kingdom Message for the Blind

The knowledge of Jehovah’s kingdom is for all who will hear; Jehovah is not limited by physical conditions. Throughout the earth there is a large number of people who are physically blind but who hunger for a knowledge of the Lord and his kingdom. Jehovah is cognizant of this and has made adequate provision to supply the needs of these people. (Continued on page 2, column 3)

“Golden Age” Consignments

These Will Be Shipped with Your Order for Heaven and Purgatory and Other Booklets for September Witness

In order that all may have a part in the special campaign to place with the people the Golden Age containing Brother Rutherford’s lecture of July 30 and his reply to the Catholic Press, a special consignment will be made to the companies, sharers and auxiliaries. To save shipping expense, pioneers and auxiliaries working in conjunction with a company, will receive their consignment from the local service director on the basis of 75 for each pioneer and 50 for each auxiliary. Pioneers and auxiliaries in isolated territory will get their consignment direct along with their orders, consignments of the new booklet, Escape to the Kingdom and orders for the four booklets which are to be used in the special September campaign. All these shipments will be made between now and the closing of the factory on August 19, so that everyone will be prepared to participate in the special work beginning September 1. Directors should personally see to it that each pioneer and auxiliary is supplied out of the shipment and sent to the company with their respective quantities, since the consignments are figured with this in mind. The balance of the consignment will be for distribution among the company workers for their use in the work.

Pioneers and auxiliaries in company territory are not to expect to receive their supply from this office, even though specially ordered by them. No charge is to be made to the company workers, pioneers or auxiliary for this particular issue of The Golden Age.

It is not the prerogative of Jehovah’s witnesses to force their testimony upon anyone. If any refuse to accept it, do not be insistent or aggressive.

TERRITORY TO BE WORKED

Work urban territory, particularly the large cities where the Catholic population predominates, first. Then extend your activities from there to all other territory, including Catholic, Protestant, Jew or whatever is in your territory. The company territory is that territory that is accessible, so that this message will have the widest and most thorough distribution of any we have had to date. All who have charge of territory distribution, pioneer directors, sharers, pioneers or auxiliaries, will immediately begin making preparations for this campaign. As advised in another part of this Bulletin, under “Consignments”, each company and sharer is to be shipped approximately 50 Golden Ages for each worker in the company. Therefore the territory should be assigned accordingly. Work fast and thoroughly.

Arranging for everyone in the company to have some part in the work. If some of those who hope to be of Jehovah’s witnesses to force their testimony upon anyone. If any refuse to accept it, do not be insistent or aggressive.

REPORTING

During the month of September only, these Golden Ages may be reported as such. Show them in the space above “Report here all books and booklets placed”. Remember, this is only for this special campaign during the month of September.
The Plainfield Meeting The Lord's Protection Most Manifest

Now for a Steady Downpour of Truth

According to the 1920 census, Plainfield, New Jersey, is a city with a population of 34,122; not so large, but its importance is due to its being in the path of the plainfield solutionists' mission. In the city, there is a lecture on the subject "Why Religious Intolerance Is Practised Now in the United States." The audience is assembled, and in summer the creation and justice in such a course. Never parks and playgrounds, don't lie to the audience. The audience hung on for the lecture. The day was packed and others had assembled in the vicinity who desire righteousness. Their strong-arm squad, upon seeing one brother who had been present at this meeting at which the Lord's protection was given to them, and will gladly attend a lecture on the subject "Way of Escape" and "Holy Year," lecture, will be distributed far and wide. What a blessed privilege it is to be engaged in a work that must be done speedily!

(Continued from page 1, column 1)

TRANSCRIPTION MEETINGS

At all of these meetings arranged during the month of September and October, there was an entirely disposed of, one of those Golden Ages is to be given to everyone attending these meetings. These fit in splendidly with the lectures "Way of Escape" and "Holy Year," lecture, will be distributed far and wide. What a blessed privilege it is to be engaged in a work that must be done speedily!

The plainfield solutionists offered free to everyone purchasing a copy of the special issue of the Golden Age containing his open letter to the Catholic Press of America answering their attack on the radio stations in their effort to have his lectures put off the air. Having been stationed at the various exits who passed out these copies, and it was especially notewor-thy with what eagerness the people received them.

At the close of the meeting, the brethren had been present assembled in a grove which had been used as the location of the mass meeting announce-...
ARE YOU PREPARED FOR ACTION?

Kingdom Proclamation Period Follows Series of Interesting Happenings

Catholics Enraged Because of Message

“Escape to the Kingdom” Will Bring On More Howls

With All the Publicity These Booklets Should Go Like Wildfire

The appropriateness of this title, Kingdom Proclamation Period, at this time is emphasized by the statement appearing in the August 5 Watchtower: “Now there is revealed to those who have taken their stand on Jehovah’s side the great truth that there is rapidly approaching a time of unprecedented prosperity and blessing for the human race. Those who are diligent to grasp the truths that are placed before them are fortunate above the present and conditions of this world and see the incontrovertible proof that the time of deliverance is at hand.”

This marvelous vision is given to the anointed now for their encouragement in pushing the battle to the gate. The insistent urgings and defiance of the Devil and his representatives before Jehovah is increasing daily. They are desperately striving every nerve to stop the activity of Jehovah’s witnesses. The opposition is world-wide, and it can truly be said that all nations are being gathered against Jerusalem to battle. Gog is desperately trying to keep the people in ignorance of the Kingdom, but he cannot succeed. With the vision of the Kingdom which the Lord has given his anointed, enabling them to see the Inspector General of Jehovah’s host inspecting the city of Jerusalem and measuring the earth, they realize that he is cognizant of all that is taking place and is directing the issue to the praise of Jehovah’s name. They have implicit confidence in him and those of the truly anointed cannot be turned aside.

In “Escape to the Kingdom” Jehovah has equipped the anointed with the most pointed message ever delivered upon the earth since the days of our Lord, proving beyond all doubt that the battle of the great day of God Almighty is imminent; that the so-called “Holy Year” will provide no way of escape for the people and that the Kingdom of God under Christ is here and it is the only refuge. This message, when broadcast over the chain hook-up by Brother Rutherford, created panic among the enemy’s forces. They did everything within their power, bringing all conceivable pressure to bear upon the radio stations to keep them from broadcasting it, but to no avail. It went forth under the Lord’s direction. Afterwards, when it was broadcast by transcription over more than 150 radio stations, the enemy’s forces renewed their efforts, increased their opposition by bringing intimidation, persecution, and every other weapon they had in their control, to bear upon the radio stations in an effort to have the message taken off the air; and now, when this message is going forth by portable transcription machine, we are in receipt of reports already advising that the Catholics are putting forth every effort to have this message stopped in their respective local communities. Where local business men or school boards control the auditorium where the message is to be given, they try to bring pressure to bear on these to have the message prohibited from public parks and other public places; but just as sure as the Lord had the message broadcast over the radio stations in the chain hook-up and over more than 150 stations by electrical transcriptions, just so surely may his people expect success in putting this message on by portable transcription machine in their respective areas. Do not permit anything to stop you. Go forward with implicit confidence. Insist on the various ones with whom you contract to use their hall that they carry out their part of the contract. If they do not, but insist on closing it down, maintain your ground, or announcing to the people (when they assemble there) of some other nearby location, out in a field or park or any place you can put on the records, where the people can listen to them. This is a real fight and must be pushed with determination and zeal.

However, the broadcasting of the message by radio and by portable transcription machine is only one feature of the work, and undoubtedly the part that is going to arouse the enemy more than anything else will be the placing of the message in printed form in the hands of the people. The people must have this message in their homes. They must read it and prove these facts for themselves in order to take advantage of the Lord’s provision for their escape. On the remnant in the earth has been reposed the responsibility of carrying this message of warning to the people. We have no excuse for not doing it. It must be (Continued on page 2, column 1).
Service Leaders from Bethel for Kingdom Proclamation Period

Appointments will be made of the brethren throughout the family to participate in the work with companies within a radius of 50 miles from the home. One of these brethren will serve with them to whom you wish to assign your monthly report.

Special Report for Kingdom Proclamation Period Sept. 30-Oct. 8

Each service director, sharpshooter, or company leader will make and forward a special report this month. This special report is to be made out on the monthly report card and sent to the Service Department in Bethel. Each special report must be dated and signed by you, "Kingdom Proclamation Period, Sept. 30-Oct. 8." As quickly as possible after the close of this period, this report is to be sent in to the Society.

As a SPECIAL EXCEPTION, your report for the month of September is to be close on the 29th. In other words, your September report will include work done from the first to the 29th September except the last day of the month, or the beginning of the special period. Therefore, your September report will be from September 1 to the 29th inclusive; October reports will be from September 30 to October 31 inclusive.

In harmony with the special Bulletin just issued, the material for the month of September will be the same as in the previous issue, i.e., Peace, Crimes and Calamities, and the special Golden Age Prophetic section with the Plainfield lecture and his letter to the Catholic Press of the country.

Ammunition for the Divisional Campaigns, September 3 and 4

In harmony with the special Bulletin just issued, the material for the month of September will be the same as in the previous issue, i.e., Peace, Crimes and Calamities, and the special Golden Age Prophetic section with the Plainfield lecture and his letter to the Catholic Press of the country.

August Reports

It is absolutely necessary to have a complete summary of the activities of the different branches of the Society early in September. We have reason to believe that the Society is making great efforts to set up a united and far-reaching campaign.

Organization of Work with Transcription Machines Outlined

Method of Reporting

Important

Each assembly of Jehovah's witnesses, whether under the sharpshooter or the company arrangement, should have available a portable transcription machine for playing Brother Rutherford's records, should appoint a director to supervise the charge of this work. Wherever possible the service director or sharpshooter should be in charge of this work. All correspondence and reports to the Society are to be handled by the director or sharpshooter, or by one appointed by the company to direct the activities of the machine. A transcript of any special report should be checked as coming from the company, and NOT from the pioneer or auxiliary.

MACHINERY

Pioneer and auxiliary brethren who have machines should keep it in good working order and machine activities direct to this office as pioneers and auxiliaries; excepting those auxiliaries that are appointed by the company to direct the activities of the machine. A transcript of any special report should be checked as coming from the company, and NOT from the pioneer or auxiliary.

ACCOMMODATION

It is advisable that all auxiliaries and pioneer brethren who have machine activities direct to this office as pioneers and auxiliaries should submit their own reports.

August Reports

It is absolutely necessary to have a complete summary of the activities of the different branches of the Society early in September. We have reason to believe that the Society is making great efforts to set up a united and far-reaching campaign.

August Reports

Portable Transcription Machine Meetings

The Name of JEHOVAH is a Strong Tower
To Those Receiving "Preparation" for Final Battle

Jehovah does not need to prepare himself. He is ready at any instant for the greatest emergency that could ever arise. He is all-powerful, all-wise, all-overcoming.

But since 1918 we have been in the "day of His preparation". In it Satan's agents, the God of this world, are feverishly preparing all their forces, invisible and visible, for the threat- ening battle which will take place, and not knowing that the time is short. But "His preparation", Jehovah's preparation, is of those who are devoted to him alone and upon whom he has put his own name, the "new name" which his own mouth has named, Jehovah, the "armies in heaven", led by his victorious anointed King, Christ Jesus; and these are the ones whom Jehovah lovingly and faithfully prepares that they may stand fast in their integrity during the hottest part of the battle, that they may perform the part assigned to them during that fight.

Undoubtedly as a part of "his preparation", Jehovah is now gloriously bestowing upon his witness on earth the gift of this new book, Preparation. That it will be of great importance and and important part in the preparation of his people for the vindication of his name and for the protection of his own, who read the book. The thrill which you feel first upon reading the pages of the book, or even upon seeing the embossed design on the front cover, never leaves you, but continues with you all through the book until you reach the last page and even after you have closed the book as if the great battle were not far distant now. Let no one relax or slack the hand now. (The brethren should not report copies of the autographed edition of Preparation on their monthly reports to the Society.)

"Preparation"
Order Your Copy Now

The autographed edition of Preparation will be ready for distribu­tion October 1st. It is very likely that Jehovah's witnesses should have all of this timely book. In the autographed edition is a letter from Jehovah's "armies in heaven", led by his victorious anointed King, Christ Jesus; and these are the ones Jehovah has lovingly and faithfully prepared to perform the task assigned to them during that fight.

The publication of Preparation is an added proof that nothing in heaven and earth can block Jehovah's "preparation". Every anointed witness of Jehovah who has taken refuge in his Name will want to read this new book, and will do so, if possible, that he may know nothing in being prepared for full duty in the day of battle.

Every member of the Kingdom class and those of the "great multitude" of "pioneers" should be able, by His grace, to understand Preparation. And that the opportunity to read and understand may be given them, the Lord has arranged that during the approaching "Jehovah's Witnesses' Praise Period", November 18 to 26 inclusive, his witnesses shall be privileged to begin distributing Preparation. Only the autographed edition will be issued in the meantime, in order that you may first get the blessing out of Preparation before you pass it on to others who need it. This edition contains Brother Rutherford's letter to Jehovah's witnesses that it will impart a great blessing and inspiration to them, coming, as it does, from one whom Jehovah has absolutely chosen to address among his people on earth today.

PREPARATION? The name rings as if the great battle were not far distant now. Let no one relax or slack the hand now. (The brethren should not report copies of the autographed edition of Preparation on their monthly reports to the Society.)

September Report Send It In on the 29th

All service directors and sharpshooters should make every effort possible to mail in to the Society their report for the month of September on September 29 or as quick­ly thereafter as they can. All the workers are requested to cooperate with their service director or sharp­shooter by submitting their individu­al daily reports promptly. If every one so cooperates, it will enable us to compile an accurate report for the entire year, which fiscal year ends September 29. Pioneers and auxiliaries, of course, are also requested to send in their September report on the 29th of September.

Portable Transcription Machine Meetings

Lectures Are Having Good Effect

Use Them Often

Space will not permit us to print anywhere near the hundreds of very interesting experiences which the brethren are having while putting out the portable transcription machine meetings. However, we will endeavor to find room for a few which indicate the Lord's very evident blessing upon the work and the usefulness from the beginning in taking advantage of peculiar opportunities in order to sing forth the praises of Jehovah through this agency.

From Georgia we have a report: "The government hospital in the suburbs of Atlanta has been secured for the three lecture series begin­ning Friday this week. There are many crippled and sick soldiers in this camp and we are looking for­ward to a good witness."
Kingdom Proclamation Period Begins New

The Remnant Are Ready for Action

Going On with Joy and Confidence

We hope that by this time you received for the most extensive witness ever given on earth will have been completely distributed. All Proclamation Period marks the beginning of the fiscal year 1934, which opens up with a promise of greater privileges than we have had before. The issue is clear-cut now, and the crisis is here, and the anointed must take it with both hands and conclusions.

Consignment of Special Radio Folders

Five million special radio folders are being prepared for the service directors, and arrangements have been made whereby all the companies, sharps, pio­neers, and auxiliaries in the territory will take their share in distributing them to the people.

Consignments of these folders are now being made to the service directors of the English companies, to the sharps, pio­neers, and auxiliaries in the territory in which they will take their share in distributing them to the people.

The Kingdom Proclamation Period Report

September 30-October 8

The reports for this special period should be made no later than seven (7) days after the period is over. The cooperation of every one is requested so that this mailing may be made before the annual report. Also to be sure that every one is notified in writing and complete report for this period may be tabulated and announced.

Inventory Report

Service directors and sharps, pio­neers are reminded to be sure to send in the Proclamation Period inventory report by October 10, at the very latest. Also to be sure that the department information which is requested in the letter of September 9.

The Kingdom Proclamation Period

September 29

We hope directors, pioneers, auxiliaries and sharps will say:

"I have mailed the report for the month’s work, and that closed the most blessed year in Jehovah’s service.”
The Name of JEHOVAH

Is a Strong Tower

"in the Day of His Preparation"

The name of Jehovah is a strong tower to those who really use their faculties in praising his name and take advantage of his provision for participating in his service in the manner that he provides.

All of the anointed and Jonadabs who have received Preparation and read it will appreciate as never before how Jehovah's name is a strong tower. The paragraph to the point in this connection, taken from the Preparation book, page 510, reads: "The hour of battle draws near! Jehovah's great Field Marshal is in the van of his army. His eyes [flash] as a flame of fire. He is fully prepared, ready and eager to lead the assault upon the enemy and to completely vindicate his Father's holy name. His armies in heaven, including the risen saints and his host of holy angels, follow after him, riding righteous war mounts and undergoing on to victory. (Rev. 10:11-14) On earth are the remnant in evidence, and these are the only ones who are not blessed by these; they are singing aloud the praises of the victorious Warrior whose name is now to be vindicated. Ours and above his entire militant organization is the great Jehovah God, the mighty Warrior, who knows to defend and who is directing the operation of his army." Let all who have been lifted up far above the sad conditions of this world and who see the incontrovertible proof that the time of deliverance is at hand manifest their appreciation and love by joining in the ranks of this victorious army and never by any temptation be deprived of this which discloses to all Jehovah's provision for the preservation of those who love him in the battle of the great day of God Almighty.

"Heaven and Purgatory" Booklet

You Can Have More for Catholic Territory

Use Escape and Purgatory Booklets in November

A study of September activities will undoubtedly bring joy to everyone who had any part in them. Over twelve thousand additional copies were placed during the month. This is the most remarkable record we have had to date, and is a clear indication of the Lord's blessing upon the special campaign with the booklets and Golden Age among the Catholics.

We could not begin to recount the many wonderful experiences reported by the workers regarding the reception they received from Catholic people who are beginning to appreciate that the matter as presented to them in the Catholic press was not true to fact. We feel confident that everyone, as they go over these figures and examine them, will realize that the \( \text{Total Books} = 8,685 \) in the Preparation book contains much that can be worked to great advantage with these booklets yet, especially with Heaven and Purgatory. A follow, in an endeavor to keep up with the demand throughout the country the Society had to print an additional supply of Heaven and Purgatory.

We have a good stock of them still on hand and shall be glad to supply them to all companies and auxiliaries.

In your territory you still have large towns that have not been covered with this booklet, please order a supply of them with your next order and place the Escape to the Kingdom booklet and the Heaven and Purgatory.

Will Workers Average Four? Pioneers, Auxiliaries, More!

Be Sure You Get "Time, Territory and Books"

November 18-26 is Jehovah's Witness Praise Period, and what an occasion for praise! Looking back over the past year and seeing the growth that has been in every branch of the work in which we have been privileged to participate is great inspiration. The Lord's Witnesses have witnessed the most desperate attempt on the part of the enemy to stop the work in this campaign; but, despite all their efforts, Brother Rutherford has been enabled, by the Grace of God, to put on three consecutive Sundays, three of the largest chain broadcasts we have ever had. The month of September has witnessed the widest distribution of the Kingdom message, by means of the anointed and Jonadabs. The Goldens, No. 363, has that ever taken place in one month, and on top of these was the work with the Escape to the Kingdom booklet, which early reports indicate was a phenomenal success.

These thrilling facts clearly recall to the anointed the supremacy of our God and the onward victorious march of the Kingdom. And now, as a grand climax of the year, Jehovah has provided us with Preparation, with its panoramic view of the preparation, the battle, and the aftermath: truths vital to the existence of the anointed and to the existence of every creature who hopes to have the Lord's protection. In the battle of the great day of God Almighty.

With such evidences of the Lord's favor and blessing, who could withhold praising his name? Praise, however, is not a matter of lip service only. In fact, words are the least effective method of praising the Lord. The apostle tells us that "Faith without works is dead." The same may be said of praise. Our thankfulness and gratitude to Jehovah, our great God, and to his anointed sent his word that we are to be prepared in every branch of the service. During Jehovah's Witnesses' Praise Period we are afforded another opportunity to show forth our love and faith in Jehovah and his kingdom in a very special way. Therefore let us arrange our work in such a way as to make a special effort to be on hand and to do our part in the Kingdom service during that period. The Scriptures indicate that the time is short. We must work speedily.

In Preparation we have the most important message ever committed to the anointed to deliver. The message that book contains must be delivered by the anointed because it is a message of preparation for Armageddon. Not only is this message for the anointed, but it is also for the honest-hearted people of the world whom we call Jonadabs and for the "prisoner" class. The only way this message is to be delivered to these classes is by going from house to house, knocking at the door and addressing the brochures. The Lord's Witnesses have witnessed the most desperate attempt on the part of the enemy to stop the work in this campaign; but, despite all their efforts, Brother Rutherford has been enabled, by the Grace of God, to put on three consecutive Sundays, three of the largest chain broadcasts we have ever had. Portable Transcription News Very Interesting

Jehovah’s Blessing
Is On This New Work

Speaking of the portable transcription machine a pioneer writes: “We have found this additional instrument that the Lord has put in our hands, and we are going to use it to its full capacity.”

Jehovah has greatly blessed the efforts of his people to faithfully carry on the work. And the Lord has provided, as is shown by the splendid reports being received from each section of the country, the preparing work with the transcription machine is gaining impetus as the brethren continue to answer the workers’ requests for the meetings, and to date there has been an audience of a quarter of a million with an average attendance of 52. A great number of very enthusiastic letters have been received from the brethren regarding the machines in the work of the various districts, companies, pioneers, auxiliaries, and societies. We believe that not only will they have written us be very interesting, the reports will be valuable to others who are putting on the transcription meetings.

The following received from a pioneer in North Carolina states a condition which is found in northern and western sections of the country as well as in the southern states: “We are using Saturday as the regular night for putting on the machine in the small country villages where all of the farmers are present during the day. They come in hungry for bread, bacon, flour and other things for which the wants of the week. That afternoon we always have quite working in the rural areas with a little help from body helpers. Now we get them all together in town, and they listen, too. We always have a good time, despite the fact that we invite everybody and advertise before working in that respect.”

From Missouri a pioneer writes: “We surely appreciate the privilege of being able to use a transcription machine. It is such a joy to see some of these farmers, who never heard a lecture over the radio or seen a train, drink in the truth, eager for every word. We have found it good to put on our Saturday. As many farmers come into town for supplies.”

Excellent results have been obtained for the month, 365 programs for the month, with an audience of 9,500. In making this report, the company states: “We put on an average of three programs an evening. We are able to put on a program in an hour, which includes setting up the machine and cleaning up the next point. The machine is set up inside of a small house trailer. We place the speaker on the roof during the summer months. We have continued in seeing a small town on wheels come to see the trailer and hear the Transcription.”

Bethel Family’s Participation in Jehovah’s Witnesses’ Praise Period

In accordance with the usual custom, the factory and Bethel home will be closed during the Saturday broadcast, and all the departments of this special campaign, to all the companies within a radius of 200 miles of Bethel, to cooperate with them in the field service.

When service leaders from Bethel and elsewhere are assigned to a territory, it is also the duty of the local brethren to be present at the Saturday broadcasts and at the home where possible. They will be given ample information of the meetings.

The following is a transcription of a letter received by the company from a transcription worker in the company for terms of payment.

“Dear Sir: We understand that you have ordered a machine for the Transcription work and expect to have it in operation during the period of the special campaign. As you know, the Transcription work is a vital part of our work, and we are very much interested in seeing it carried on successfully. We would be glad to help you in any way we can, and we would like to make sure that the machine is properly used and that the work is done in a satisfactory manner. We would like to have some information about the machine, such as the specifications and the price, and we would like to receive it as soon as possible. We would also like to know if you have any plans for the machine, such as the location and the type of work that you expect to do with it. We would be very grateful if you would send us as much information as you can, and we would be happy to help you in any way we can.”

(Continued from page 1, column 2)

Order Now
With Other Literature

Read This Carefully

Every pioneer, auxiliary, company worker and sharpsheeter will want to order the Preparation, Praise Period, November 18-26, and in order to do this each worker must have this literature. Preparation, which Jehovah has provided to be offered to the people at that time, contains the various sections to be printed by the various workers to procure Preparation:

Pioneers and Auxiliaries: All the pioneers and auxiliaries are to order their supply, and we will not send any to these unless we receive their orders as Preparation will be sent to them only when ordered. They should get their orders as soon as possible, so that they may receive their stock in time and be enabled to join in the praise of Jehovah. Pioneers and auxiliaries should order just as soon as they read this, so that their orders can be made by the 31st of October, without delivery well before November 13. Orders received early will be filled promptly with Preparation, so that, if possible, shipments of 100 pounds can be made. Pioneers and auxiliaries working in the same section may combine and order in one shipment with definite instructions that these are to be shipped together to one address.

Companies and Sharpsheeters: Companies and sharpsheeters may order their supply of Preparation at once, but they must order at least four books per worker. However, to those companies and sharpsheeters who order by October 31 a supply of Preparation will be shipped on consignment. All companies and sharpsheeters will then be sent a supply of Preparation, their orders being filled if received before the above date. Our concern is with the possibility of the books consigned if no order is received. In cities where there are more or less permanent members the work will be made to the English-speaking company, and the foreign and European companies are to receive their stock of Preparation from the service director of the English-speaking company. The directors of all the foreign and European companies will please arrange to advise all concerned as soon as the shipments arrive.

(Continued from page 1, column 4)

Workers and Auxiliaries: Workers and auxiliaries of the Kingdom Hall will be glad to know the true Scriptural teachings on property, and this booklet will be a great assistance to many who have been uncertain about this issue clearly. These may be distributed during the period from November 18 to December 6, Praise Period. During this special Praise Period, of course, you will conclude with the general meeting to be held on the Sunday morning and afternoon, and, of course, on Sunday, December 19, you will have a special meeting to give the speakers a chance to get on their feet and be in attendance. Please send in your requests as soon as possible, so that arrangements may be made in advance to supply all those desiring a service.

The use of the band stand in the public park every evening has been an audience of from 250 to 500. We have tried to prevent the transcription to be heard in the field service and have harmonized it with the field activity.

A pioneer has used the machine in his large field of work. He has said: “We are now in a country schoolyard with our big house trailer and broadcast right out in the middle of the field with a free band concert is given. We got in touch with the proper parties and they gladly gave us permission to give our lecture just preceding the motion pictures on Saturday night and immediately following the band performance. The people who were there were of course of the view, but there was no success in this.”

The manner in which the work with the transcription machine supplement the regular work has been a distinct advantage instead of interfering with the house-to-house witness in any way. The pioneers who are using this machine have not found it necessary to be in the office for terms of payment.

WRITE THE OFFICE

The above experiences are just a few of the many blessed privileges that are being in the use of the transcription machine. What has your company have a transcription machine? The Society still has some territory left in the hands of companies and the Lord is blessing this phase of the work very much. All of these territories are in the hands of the Lord and we are now ready to send one of these should do so. The spring-wound machine is $120, and the electric $140. We are now ready to send the office for terms of payment.

INVENTORY

In order to save the Society the additional expense of sending letters to all the workers and sharpsheeters who have not been in their inventory to date, the following is a list of the current items in the means of the Bulletin to please compile this information and let us have it in order that our records for the year may be completed.

INVENTORY

Will Jehovah’s Witnesses Place 75,000 Preparation Books During the Special Praise Period?

We are now ready to send the office for terms of payment.

INVENTORY

In order to save the Society the additional expense of sending letters to all the workers and sharpsheeters who have not been in their inventory to date, the following is a list of the current items in the means of the Bulletin to please compile this information and let us have it in order that our records for the year may be completed.

INVENTORY

New workers’ slips, with provisions and sharpsheeters are now available. Companies and sharpsheeters will please order immediately as many as they require. We include this order, of course, with other orders for books and booklets, so that there will be no additional expense involved in forwarding them to you.
Protest and Petition to Be Circulated Quickly

The Name of JEHOVAH Is a Strong Tower

To Those Who Carry the Petition to the People

The work with the PROTEST AND PETITION shall be special-
ly along the lines outlined for the entire campaign. The first day of the divi-
dent capacity is Saturday, and the brethren who are on hand in the morning should go out in the filed with the Escape booklet, the testimony exclusively to the peti-
tion which they will later bring back, and also the printed invitation to the titlsmongers, pecu-
uliar,” to be given that evening. Beginning not later than 5 o’clock and going at least until 1 o’clock, the brethren should be able to reach a sufficient number of people to keep them occupied during the late after-
noon and evening. It is recommend-
ed that each of the three days the field evangelists, the late afternoon, and the announcements from 10 o’clock in the forenoon until 1 o’clock, giv-
ing the brethren an opportunity to get a lunch, and that until 1 o’clock, by which time they may make their return calls with the book, they may stay the night and go until they have gone over the terri-
covered earlier in the day. Brethren who reach the assembly

Giving the Testimony

by Card Method

The early returns of Jehovah’s Witnesses are in many places, do not indicate the Lord’s blessing upon that campaign that we cannot re-

The name of Jehovah, and the fact that each day the workers will wish to see different people in a different location, is one of the outstanding reasons the Lord’s blessing upon that campaign. Many pioneers who are in thickly popu-

point Saturday need not stay out of the work because of this, but two was better than none. They averaged the fact that each day the workers will wish to see different people in a different location, is one of the outstanding reasons the Lord’s blessing upon that campaign. Many pioneers who are in thickly popu-

suffer, and there is just one way of escape from even greater trouble. Je-

hovah’s Witnesses...

Radio Folders to Be Consigned

The Society is going to print between three million and four million radio folders for advertising the special "INTOLERANCE" broadcast on Sunday, December 31. These are to be consigned to the different companies, pioneers, sharpsnipers and auxiliaries. The pioneers will each receive 840, and auxiliaries 140. The folders for pioneers, auxiliaries, for-}

Transcription Machine Work

Discuss This at Your Service Meeting

A Big Witness to Be Given This Way

Enclosed with this monthly Bulletin you will also find the bulletin "Your Work with the Transcription Machine". One of these is sent for each portable transcription company and sharpsniper arrangement, as well as supplied to pioneers and auxiliaries. These folders should be carefully and taken up and discussed at a service meeting in the very near future.

Each portable transcription machine leader should arrange immediately to send to this office, for the advertising material required for this work (pioneers and auxiliaries and sharpsnipers will be well to have a stiff cardboard pad to make the King- express of people before you leave for the divisional campaign on that date.

Saturday, Sunday and Monday, December 22, 23 and 24, are to be devoted to the divisional campaign and the special work as outlined here. At the same time we are asking the brethren throughout the country to put forth a very vigorous effort. Some portable transcription folders are distributed and at the same time to try not to interfere with the petition, work, which must be completed before January 15. The only object that the Lord wants to have the lectures taken off the machines available in the respective territories on the occasion, for in addition to having a window cards to cover your territory. These are to be used as instructed, and, of course, will be used again a number of times, simply changing the title of the lecture as the necessity of getting the petition. The reason for this is to inform all having the special effort to see that these radio folders are distributed by the people before you leave for the divisional campaign on that date.

The question has come into this Bulletin's office from many who have portable transcription machines as to whether it is proper for them to use them on the special campaign and the desire to have the Society's permission before going ahead with it. As one having a transcription machine and desiring a microphone attachment may correspond with the Service Director, either by letter or telegram, on the subject.

The only object that the Lord's people can possibly have is to serve in the name and purposes of Jehovah. At the close of the service, appropriate prayer could be offered by some competent brother.

Funeral

There are numerous requests coming to the office for a uniform funeral service. The claim is made that some of the local brethren cannot deal with material that is not exactly appropriate for the occasion. Others have asked, "Would it be proper to use transcription recordings for such occasions?" Here is a form for this purpose.

In view of the fact that there are transcription machines available in considerable numbers it is hoped that the prospects of a great many more in the near future, we believe that this would be a very desirable way to treat the matter.

The only object of the Lord's people could have in serving at a funeral is to give a witness to the name and purposes of Jehovah. At the close of the service, appropriate prayer could be offered by some competent brother.

Microphone Attachments for Transcription Machines

The question has come into this office from many who have portable transcription machines as to whether it is proper for them to use them on the special campaign and the desire to have the Society's permission before going ahead with it. As one having a transcription machine and desiring a microphone attachment may correspond with the Service Director, either by letter or telegram, on the subject.

One of the regrettable features of the October report was the failure to inform the Society of the special period results in the month's report, while many others failed to make out their month's report completely in one way or another. We do hope the November report will show a decided improvement.

We do hope to receive PROMPT and COMPLETE reports both for the special period of November 18-26 and the month of November. Your cooperation will save time and money.

The November Report

It is hoped that EVERY service director, sharpsniper, pioneer and auxiliaries will send a form of the field witness work done during the ENTIRE month of November. The special period results of November 18-26 is to be available in the month's report. Your cooperation will save time and money.

Please Note on Protest and Petition Sheets

A separate form is to be submitted for each town and city. Do not put names from two different states, counties, cities or towns on the same form.

All service directors, sharpsnipers, pioneers, auxiliaries or other brethren sending PROTEST AND PETITION forms to the Society's office will please see to it that the number of signers, and the name of the city or town, state and county are neatly typewritten or printed at the bottom of each sheet.

Don't Miss It: December 31, 9 a.m., Divisional Campaign
